Attack by Germans Turned Back by French, Says Paris Report

PART OF LOST GROUND RECOVERED

In Sudden Attack to Protect Communications

DESPERATE ENGAGEMENT

For Possession of Cumieres Woods Hurls German Army Back From Position Gained at Great Cost—Sergeant and 20 Men Capture Machine Gun and Turn Weapon On Foes.

[Associated Press Telegram] Paris, March 10, 5:15 p. m.—The situation at Verdun is regarded as much better, from the French viewpoint, as a result of yesterday's fighting. The public is greatly cheered by reports of successful resistance on the part of the defenders of the fortress. Notwithstanding an enormous expenditure of ammunition and sacrifice of life the Germans have failed to bend, much less break the blue line.

The inference drawn by the general public is that the German war has advanced as far as is in its power without further wastage on a large scale which the German general staff hesitates to make. Exhausted by three days of violent efforts the assailants called a halt rest to replenish the depleted ranks of infantry. The French took advantage of the respite to sweep out the Germans still remaining in Corbeaux wood and in this effort were almost successful.

The renewal of heavy fighting east of the Meuse attended by a series of assaults on Douaumont has centered interest once more on this portion of the front.

In the Woivre the Germans did not attempt to pursue their actions further.

The great successes in battles up to the present have been gained by means of violent shocks delivered by fresh and especially prepared masses of infantry and have generally been achieved rapidly. Of such a character was the German attack on Verdun which smashed itself against the French defenses on Feb. 26.

Not often in the long battle have the French infantrymen had the order to advance. When they did receive it, they showed that their offensive spirit had lost nothing by being held in. They had such opportunities on Wednesday and Thursday in Corbeaux woods. On Tuesday night the Germans advanced post had crossed the road into Cumieres wood from which it attacked the southern slopes of Goose Hill. Had the Germans advanced another 200 yards they would have come out on the main road from Cumieres to Forges and have cut the communications of the French force on the hill.

To prevent this French infantrymen were brought out from the trenches shortly before midday of Wednesday. They advanced simultaneously on two sides. From their positions on Dead Man Hill they crossed the Betancourt-Cumieres road, climbed the slope on the opposite side and entered the wood.

From the southwestern edge another strong attack was directed from Les Caurettes, about a mile further down the same road, against the Germans in Cumieres wood.

Until they reached the edge of the wood the losses of the attackers were slight.

In the wood a desperate fight took place. An officer of the light infantry said: "I had never seen my men go at the enemy with such fury. They cleared my section of the wood in less than an hour."

"At one point on the opposite edge of the wood a German machine-gun was posted in a ditch protected by breastworks of felled trees. It poured a deadly fire into us. A sergeant and twenty men volunteered to drive out the enemy."

"Advancing by leaps and bounds from tree to tree, they got in among the Germans with bayonets. They took the gun and turned it about, starting a raking fire on the Germans. This did not last long for they soon jammed the gun in their enthusiasm."

By early afternoon virtually the whole wood was in the hands of the French. The Germans however, prepared another onslaught. While reserves were being gathered behind Mill No. 265 artillery fire was concentrated on the reserve slopes of Goose Hill to prevent the bringing up of French supports.

BRITISH

Torpedo Boats Lost in Mine Field Off East Coast

WITH LOSS OF 45 MEN SAYS WAR OFFICE

Both Vessels Had Been In Service Many Years

FRENCH SHIP ALSO LOST

Two Members of Crew Lose Lives But 26 Others Are Saved—British Claim Further Operations In German East Africa—Russian Troops Land In Asiatic Turkey.

A momentary lull in the desperate infantry fighting about Verdun is reported today from Paris. The Germans have not again attacked on either bank of the Meuse, it is announced, but violent bombardment of the defenses continue, indicating that the respite probably is to be brief.

Where the next German heavy blow will fall military commentators do not attempt to predict. The recent shifting of attack achieved substantial results in the region of Vaux, according to Berlin.

An official statement from Paris today however, emphatically contradicts the German claim to the capture of the forts and villages of Vaux. The fort was not even attacked, the Paris war office asserts, and while German infantry did succeed in entering Vaux they were subsequently driven out. Similarly Paris declares the greater part of Corbeaux wood where desperate fighting has been taking place, remains for the greater part in French hands despite the German intimation to the contrary.

There are signs of renewed activity on the eastern front as spring approaches. The Russians and Germans have been feeling out each others' line at various points, small isolated engagements resulting.

The British admiralty admits the loss of the torpedo boat destroyer Coquette and torpedo boat No. 11, with 45 casualties.

Sinking of the French line steamer Louisiana of 5,109 tons, presumably by a submarine off the French coast, is announced from Paris. No lives were lost.

[Associated Press Telegram] London, March 10.—(1:55 P. M.)—The British torpedo boat destroyer Coquette and torpedo boat No. 11, have been sunk by striking mines. It was officially announced this afternoon.

The official announcement says the number of casualties in connection with the sinking of the warships was 45.

The statement follows: "The torpedo boat destroyer Coquette, Lieutenant Vere Seymour, R. N. R., in command, and H. M. Torpedo Boat No. 11, Lieutenant John A. T. Leigh, R. N., have struck mines off the east coast and sunk. The casualties were: "Coquette, one officer and twenty-one men. "The torpedo boat, three officers and twenty men."

The normal complement of the Coquette was sixty men. Torpedo boat No. 11 ordinarily carried thirty-five men. The Coquette was built in 1897. She was 210 feet long and 19.12 feet beam. She displaced 255 tons. Her armament consisted of one 12-pound gun, five 6-pound guns and two torpedo tubes.

Torpedo boat No. 11 was built in 1906. She was 172 feet long and displaced 253 tons. She was armed with two 3-inch guns and three torpedo tubes.

FRENCH BARK LOST.

[Associated Press Telegram] London, March 10.—The French bark Ville du Havre of 3109 tons, has been sunk. The bark was in ballast. Twenty-six of the crew were saved, two being lost.

RUSSIANS LAND TROOPS.

[Associated Press Telegram] Washington, March 10.—Russian troops have landed on the Black sea coast of Asiatic Turkey and the occupation of Trebizond is imminent, according to a dispatch received today from the American embassy at Constantinople. The state department also was advised that the American consul at Trebizond had taken over the Archives of the German consulate there, the German consul having left.

By early afternoon virtually the whole wood was in the hands of the French. The Germans however, prepared another onslaught. While reserves were being gathered behind Mill No. 265 artillery fire was concentrated on the reserve slopes of Goose Hill to prevent the bringing up of French supports.

SIX DEAD IN A MINE EXPLOSION AT WILKES BARRE

[Associated Press Telegram] Wilkes Barre, Pa., March 10.—Six men were killed in the accident yesterday in the Hollenbeck colliery of the Lehigh & Wilkes Barre coal company in this city. Several explosions occurred and were followed by a sheet of fire which up to today had permitted a rescue corps to recover only one of the bodies.

RUSS OFFICERS PLAN CAMPAIGN TO PUSH TURKS TO THE WALL

Left to right: Gen. Tannskrewitch, Gen. Machichevsky, Grand Duke Nicholas, Gen. Kalitzu, Duke Golityn. The men pictured in this group are officers high in command of the Russian army and are among the strategists who planned the Russian campaign in Asia Minor. Grand Duke Nicholas, uncle of the czar and commander of the Russian troops in Asia, is seen in the center of the group.

EXAMINING COURT FOR KERN CASE

Notice has been served by Sheriff Chas. H. Swank that an examining court will be held in the probate court Monday, March 11, in the matter of the State of Ohio vs. August O. Kern, the latter bringing the action under a recent statute, desiring to be discharged from jail upon the charge of murder, Kern having been recently committed to the county prison by Justice Fletcher S. Scott without bail.

The April grand jury meets Monday, April 3, at which time the Kern case will be taken up. He is accused of employing Arthur Grubb to set fire to an electric piano in the Kern Hotel on the night of Jan. 6, 1914, and the fire resulted in the burning of the hotel, in which five people met their death.

The case of Arthur Grubb, who confessed to his part in setting fire to the hotel, will also be considered by the grand jury. Grubb being charged with arson. He is also being held at the county jail, his bond having been placed at \$2,000, and which amount he has so far been unable to give.

Both men are chafing under their confinement and appear to be optimistic of the outcome of their cases. Kern takes advantage of the privilege allowed prisoners by the sheriff and has meals sent to him occasionally which have been prepared for him by members of his family. These he divides with Grubb and the men relish them. Neither of the prisoners give the turnkey any trouble.

FRENCH DENY GERMAN CLAIM OF SUCCESSES

[Associated Press Telegram] Paris, March 10, 10:30 A. M.—An official note has been issued categorically denying the statement made in the German official communication of March 9, that the "village and armored fort of Vaux were captured in a glorious night attack" by Posen reserve regiments under the leadership of General von Guretsky Cornitz.

This assertion the note says is in every way false.

The note denies other statements contained in recent German official communications.

The French official note says: "German official dispatches of March 9 affirm that in a glorious night attack the Posen reserve regiments No. 6 and No. 19, stormed the fort of Vaux with a number of adjacent fortifications. This assertion is false in every way. At the very hour when the German communication arrived the French staff found that the fort of Vaux had not been attacked and that the soldiers guarding it were calmly at their posts."

By early afternoon virtually the whole wood was in the hands of the French. The Germans however, prepared another onslaught. While reserves were being gathered behind Mill No. 265 artillery fire was concentrated on the reserve slopes of Goose Hill to prevent the bringing up of French supports.

JAPAN MAKES THIS YEAR'S SHAMROCKS SHIPMENT ARRIVES.

[Associated Press Telegram] New York, March 10.—Irishmen in 1916 new and variety will be wearing on St. Patrick's Day, imitation Shamrocks manufactured in Japan, instead of in Germany, if a shipment of crepe paper shamrocks from Tokyo, which has arrived here is admitted by the customs authorities. The invoice has been held up on the ground that the shamrocks undervalued the oriental imitation now of the Irish national emblem.

In former years most of the paper shamrocks came from Germany, but this year the war shut off the German supply.

WAR BULLETINS BOILED DOWN

Paris—The Portuguese legation announces that a state of war exists between the Portuguese republic and the German empire as from six o'clock last night.

London—Russian is making preparations to use the recently captured harbor of Riza as a naval base for the advance on Trebizond from which it is 35 miles distant, according to a Petrograd dispatch.

Amsterdam—Six French aeroplanes raided the railway lines over which the Germans have been transporting military supplies in Central Belgium on last Monday and Tuesday according to advices to the Telegraaf. They dropped many bombs and caused extensive damage. All returned safely.

Lisbon—An official decree was placarded tonight summoning all naval reserves to join their ships immediately.

Stockholm—It is announced that the exchange of incriminated Russian and German military prisoners will be resumed in April. By May it is expected that three or four trains of prisoners will be exchanged each week.

Amsterdam—The Telegraaf states that it has received reports of serious rioting in Cologne on Tuesday in consequence of the heavy losses of German troops in the battle of Verdun.

OCCUPY GERMAN COLONIES.

[Associated Press Telegram] London, March 10, 4:50 p. m.—Lieut. General Jan Christian Smuts, commanding the expedition against German East Africa, has reported the occupation of Taveeta and also of Salaita. It was officially announced this afternoon.

By early afternoon virtually the whole wood was in the hands of the French. The Germans however, prepared another onslaught. While reserves were being gathered behind Mill No. 265 artillery fire was concentrated on the reserve slopes of Goose Hill to prevent the bringing up of French supports.

ATTENDING A ROAD MEETING AT COLUMBUS

This city is well represented at the Pike's Peak Ocean to Ocean Highway meeting being held at the Southern Hotel in Columbus today. Among those in attendance from Newark are County Commissioner Orville Kiger and clerk of the board, Ben B. Jones, Judge Robbins Hunter, Emmet M. Baugher, George Hermann, Attorney A. A. Stasel, David C. Metz, A. R. Lindorf, Walter C. Metz, Wm. M. Morgan, Wesley Montgomery and W. D. Fulton.

Six counties were represented at the meeting and a luncheon was served at the Southern at 12:30. Arguments were presented by the visitors giving their views why the roads should go through the cities and towns which they represented. The route has been laid out from San Francisco to Columbus and from Pittsburgh to New York. It is the intention to choose a route between Columbus and Pittsburgh and three highways are under consideration.

The Newark men will present the advantages of running the proposed national highway through this city. Much interest is being manifested and it is to be sincerely hoped that their efforts will meet with success.

UNCLE SAM ASKS ENGLAND TO GIVE COPY OF ORDERS

[Associated Press Telegram] Washington, March 10.—Administration officials here today were awaiting Great Britain's reply to the request of the United States for a copy of confidential instructions to commanders of British merchantmen, which Germany claims prove that merchant ships equipped with defensive armament have orders to act offensively against Teutonic submarines.

Until the reply has been received, it is considered unlikely that there will be any further negotiations with Germany in the submarine controversy.

PALIBEARER IS ARRESTED FOR MURDER OF FRIEND.

[Associated Press Telegram] Wilmington, Del., March 10.—William Handscher, 26 years old, was arrested last night charged with the murder of Percy G. Mattson, aged 30, whose body was found in the Christina river on Tuesday.

Handscher boarded with the Mattsons and was a palibearer at Mattson's funeral yesterday. His arrest followed a statement made to Chief of Police Black by Mrs. Mattson that Handscher had kept her under his power and she was afraid to tell of the crime until after the funeral.

Handscher denies the murder and the police are investigating the woman's story.

By early afternoon virtually the whole wood was in the hands of the French. The Germans however, prepared another onslaught. While reserves were being gathered behind Mill No. 265 artillery fire was concentrated on the reserve slopes of Goose Hill to prevent the bringing up of French supports.

200 MEXICANS KILLED IN YESTERDAY'S BORDER FIGHT

Citizens of Raided City Aid Soldiers In Burning Or Burying the Dead—Report That Mexicans Continue to Infest Border Regions Keeps Americans On Look-out—Carranza Authorities Said to Offer No Objection to Action of Washington Officials—Navy Movement Not Contemplated at Present.

President Wilson Issues Order for Expedition After Discussing Problem With His Cabinet at Morning Meeting—All of Troops Needed Already Mobilized on Border—Senator Fall Asks for 500,000 Volunteers to Police Mexico and Maintain Order

[Associated Press Telegram] Mexico City, March 10.—General Carranza does not care to make a statement in regard to the situation resulting from the raid on Columbus, N. M. A rigid censorship has been imposed. Newspapers are printing nothing of the raid and the public has not been advised of it.

[Associated Press Telegram] Washington, March 10.—The Mexican embassy received a telegram from General Carranza late today saying that five thousand troops from various garrisons to the south had been ordered to move upon the Villa bands. No mention was made of the proposal of the United States to send forces.

[Associated Press Telegram] Washington, March 10.—President Wilson today ordered American troops over the Mexican border to capture or kill the Villa bandits who yesterday raided Columbus, N. M.

Major General Scott, chief of staff of the army announced that the expedition would consist of not less than five thousand men, all of which are available on the border under Major General Funston.

In its present stage the president's order does not mean armed intervention in Mexico. It provides for a punitive expedition to deal with lawless forces over which the Carranza government has no control.

The following statement was issued at the White House: "An adequate force will be sent at once in pursuit of Villa with the single object of capturing him and putting a stop to his forays."

"This can be done and will be done in entirely friendly aid of the constituted authorities in Mexico and with scrupulous respect for the sovereignty of that republic."

It was said at the White House that the American government wants Villa dead or alive and that no steps will be neglected to carry out that object.

It was declared that the United States will not consider the punitive expedition an invasion of Mexico and will continue to deal with the Carranza government. The American government is still opposed to armed intervention in Mexico but has decided that the peace of both Mexico and the United States is imperiled by the continued activities of Francisco Villa.

The cabinet was unanimous in deciding that Villa must be caught. It was decided at today's cabinet meeting that Villa and his bandits must be caught even if American troops have to go after them.

As the members of the cabinet came out all expressed deep satisfaction with the decision reached at the cabinet meeting. One member indicated definitely that the American troops would be sent into Mexico.

As Secretary Lansing left the cabinet meeting he indicated further representations, probably giving notice of the decision would be sent to the Carranza government immediately.

It was said that the pursuit of Villa will be undertaken in a comprehensive way and organized plans will be laid for his apprehension.

Officials received word of the decision to go after Villa with troops with undisguised satisfaction. Cabinet members expressed themselves as greatly pleased. Army officers voiced unanimous approval. A general feeling of relief that the administration had finally decided to take the step was apparent.

The president himself is firmly convinced of the necessity of eliminating Villa from the Mexican situation. He is represented as just as determined to oust Villa as he was to oust Victoriano Huerta. The announcement of the intention of the president to send troops into Mexico was accompanied by scenes not equalled since the determination to send the Atlantic fleet to Vera Cruz in 1914.

Pains were taken by officials to point out their hope that Gen. Carranza would realize the spirit in which the American troops were being sent after Villa.

Carranza will be notified immediately that the United States has no intention of taking any Mexican territory whatever and respects fully the sovereignty of that nation.

American officials realize that Carranza may have difficulty in consenting to the presence of American soldiers on Mexican soil because of popular feeling in his country.

Carranza himself, however, is believed to be so eager for Villa's capture that he may co-operate with the American troops.

At the cabinet meeting the discussion of the situation was brief and to the point. The cabinet unanimously agreed that the only thing to do was to send troops.

President Wilson took the same position and at once instructed Secretary Baker to issue the necessary orders. He also instructed Secretary Lansing to inform General Carranza of the attitude of the American government.

Leaders of both houses of congress were immediately notified from the White House of the president's action. They approved his course. Before deciding finally to send the troops after Villa, the president conferred over the telephone with Chairman Stone of the senate foreign relations committee who told him he believed the sentiment of congress would solidly support his action.

It was considered possible that within a few days, President Wilson might go before congress to recite the series of acts by Villa which led

(Continued on Page 2, Col. 1.)

General Funston to Lead 5000 Soldiers

(Continued from Page 1.)

up to the ordering of troops to effect his capture. It was said at the White House that the president had not yet decided this point. The president desires to move with the entire co-operation of congress.

Eliseo Arrandondo, General Carranza's ambassador here received the news of the president's decision with the statement that he could make no comment and would at once notify General Carranza. Yesterday he declared it was his own opinion that such action would not be resisted.

General Scott said today that the necessity of providing even a stronger force for the border than it now has, while the American troops are operating in Mexico would necessitate using some troops not now there for the punitive expedition. They probably will be ordered from other posts. No plans have been made so far as is known for use of the national guard.

No orders have been issued to the navy this afternoon but it was considered probable that some of the Atlantic fleet might be placed in Mexican waters to be near if Americans in coast towns were endangered by anti-American demonstrations.

The government is reluctant to make any naval demonstration that might be construed as an act of aggression.

While the senate was talking and some despatch speeches were being made in the house, the president acted and the leaders, notified quickly by telephone from the White House, passed the word around. It spread quickly but both house and senate received it as early as an announcement of the passage of a routine bill. The Democrats generally expressed the opinion that the president's action was wholly justified and the Republicans who have been urging action expressed gratification that it had been taken. There was no sign of dissension.

If President Wilson appears before congress within the next few days it probably will be to inform that body fully and officially of the state of affairs in Northern Mexico which led up to the sending of American forces and to take congress fully into his confidence.

When the Atlantic fleet went to Vera Cruz in 1914 congress, at the president's request passed a resolution authorizing him to use armed forces of the United States. No such action is considered necessary in the present situation at this stage. The administration holds that the president is fully vested by the constitution with the authority to repel invaders and there are ample precedents in international law for his action, especially in the dealings of the United States with Mexico.

"GRAPE SHOT NOT GRAPE JUICE" IS ASHURST'S PLAN

(Associated Press Telegram)

Washington, March 10.—While the president and cabinet were deciding to send the troops over the border the agitation had broken out afresh in congress.

Senator McCumber and Senator Fall, both Republicans, introduced resolutions proposing arm. action in different ways. Both resolutions were referred to the foreign relations committee while Chairman Stone counselled his colleagues to let the executive departments of the government handle the situation.

Senator McCumber, Republican of North Dakota, introduced a resolution in the senate today providing that congress shall direct the President to immediately to send an armed force into Mexico to hunt and destroy the bandits guilty of atrocities against American citizens.

Senator Ashurst, Democrat of Arizona, sought immediate consideration of the McCumber resolution, but it was blocked on objection by Senator Stone. Mr. Ashurst declared that from his own information of conditions on the border of his state he knew that troubles in Mexico, instead of nearing an end, were only beginning.

Senator McCumber asked Senator Ashurst if he was in favor of the passage of his resolution. Mr. Ashurst brought forth applause from the galleries by declaring that although the shooting was not in his state, he was not a senator of a state, but of the United States and ready to protect people, no matter in what state they lived.

"It is the duty of the senate," said he, "to vote authority to send troops after these red-handed cowards, bring them back to Columbus, where they made a funeral pyre out of American citizens and shoot them on the spot. That is, I would give them grape shot instead of grape juice."

Senator Fall also introduced his resolution providing for the recruiting of 500,000 volunteers to police Mexico.

The McCumber resolution declares that:

"Whereas, this government, actuated by a most earnest desire to refrain from interference in the internal affairs of Mexico, has exhausted every possible effort to prevent the recurrence of atrocities and severe redress for the wrongs inflicted upon its citizens; and

"Whereas, such efforts have been worse than fruitless, and the failure of this government to exert its active powers to protect the lives and property of its citizens, has emboldened and encouraged these bandits to the commission of further atrocities against our people; and

"Whereas, on the ninth day of March, 1914, a band of these Mexican marauders, under the command and by the direction of their leader, Francisco Villa, actually invaded American territory and in the dead of night massacred twenty-three American men and women in the city of Columbus, New Mexico, and

"Whereas, there is no government whatever in Mexico capable of punishing these atrocious acts or to protect American lives; and

"Whereas, these brutalities, culminating in the invasion of our own soil and the massacre of our people, can no longer be borne;

"Now, therefore, be it resolved by congress of the United States that the President be, and he is hereby directed, to send into Mexico a sufficient force to hunt down and destroy these murdering bandits and punish all those guilty of these atrocities against our citizens wherever they may be found. And the President is authorized to use any force necessary to carry into effect this purpose or to overcome any opposition from any source in Mexico to prevent its accomplishment."

OHIO SENATORS SAY IT'S TIME FOR REAL ACTION

(Associated Press Telegram)

Washington, March 10.—News that United States soldiers have crossed the border line and that an invasion of Mexico is actually on created a thrill among the national lawmakers. Many expressions of approval were heard to one of dissent. In fact, the generally expressed

opinion was that patience had ceased to be a virtue in connection with the Mexican situation and that when a small army of 5000 crosses over and shoots up a town in the United States, the time has come to act.

Senator Harding of Ohio, said: "I am glad to see that something is being done from the American viewpoint. It was inevitable that something of this kind had to come."

Senator Dummer made the following statement: "I am not fully informed as to the facts, but of these bandits came over from Mexico and assaulted our citizens. It seems to me that there is nothing to do but to send our troops in pursuit."

There seemed to be a general feeling of relief that the government has at last been forced to act as one senator expressed it.

"Ask permission of Carranza," said Senator Catron of New Mexico. "But we ought to have sent troops across long ago, permission or no permission."

Mr. Ashurst said: "I am not in our duty to take care of Americans in Mexico, and I am afraid we have badly neglected that duty."

FUNSTON ASKED PERMISSION TO DESPATCH TROOPS

(Associated Press Telegram)

Washington, March 10.—Major General Funston in an overnight dispatch recently recommended that he be authorized to send American troops over the border to finally clean up the bandit gang. The state department will pass on the recommendation.

General Funston's dispatch added:

"That so long as the border is a shelter for the band they will continue to harass our ranchmen and towns to our regret."

"Brie, General Porching reported that the Mexican consul at El Paso thinks there should be no objection to American troops entering Mexico in pursuit of Villa and that he would wire his government recommending co-operation."

Colonel Slocum telegraphed the war department a brief report on the pursuit by the American troops. A request for further information has been dispatched by General Scott at the order of Secretary Baker. The only information on that point at the war department early today, was a report from Colonel Slocum as follows:

"I sent three troops under Major Tompkins across the border. They pursued Villa about five miles, driving him into rough country, where he scattered after making one final stand which stopped Tompkins' advance. These three troops returned to Columbus again in about three hours. Lost one corporal, troop G."

Approximately 12,000 troops with 18 mounted batteries and field guns are on the border between Douglas, Ariz., and El Paso, Texas. A little more than one-third of that force is cavalry and all could be assembled at any point between the two towns within two days.

The cavalry and a battalion of mounted artillery with twelve mountain guns, especially designed for the character of fighting which the punitive expedition will wage, could be assembled within twenty-four hours. The thirtieth, seventh, eighth and tenth cavalry are scattered along the border between Douglas and El Paso.

The eleventh, eighteenth and twenty-second infantry, the sixth field artillery and a battalion of the fourth mountain artillery are at Douglas. At El Paso, about sixty miles from Columbus are four regiments of infantry, the sixth, seventh, sixteenth and twentieth. The twelfth infantry is at Nogales, between Columbus and Douglas.

The mountain guns with which the mountain artillery is equipped are carried on mules and accompanied by an ammunition train which would enable them to operate with the cavalry in the hills.

Representative Hernandez of New Mexico, evoked enthusiasm in the

CAN'T FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Danderine rubbed well into the scalp with the finger tips. Get a 25-cent bottle of Danderine at any drug store and save your hair. After a few applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.

house by urging that Carranza either be forced to restore normal conditions of United States troops be sent into the country.

No move will be made by the navy for the present. Practically the entire Atlantic fleet, however, is within two days sail of the Mexican coast and should Carranza's forces be unable to protect Americans or other foreign subjects in case of riots the navy will be pressed into service immediately. This was stated authoritatively today at the navy department.

BORDER PATROL IS INCREASED TO STOP ANOTHER RAID

(Associated Press Telegram)

Columbus, N. M., March 10.—Federal troops in increased numbers today patrolled the Mexican border near Columbus as a precaution against further invasions of American territory by Francisco Villa's bandit army, which took yesterday a surprise attack upon this town, killed 16 American citizens and soldiers, wounded many, burned buildings and looted stores before being driven back into Mexico by American troops. More than 100 of the bandit army were killed and about 200 injured in Columbus.

Villa at the head of the main body of bandits was reported early today fifteen miles south of the international line where he halted after a running fight yesterday with pursuing United States troops.

A report that armed raiders were in the vicinity of Magdalena, N. M., led the military authorities to rush reinforcements there.

Possibility of further bandit raid was admitted by army officers and named civilians and state militiamen and cowboys are co-operating with the federal authorities in maintaining a border patrol.

The first reinforcements arrived early today when the first battalion of the 20th infantry, 250 men, under Major William R. Sample, arrived from Fort Bliss on a special train. The battalion after receiving a fresh supply of ammunition was dispatched by Colonel H. J. Slocum, commanding the troops here, to Victoria, N. M., west.

Other troops were reported to have been dispatched at various points along the border.

The pursuit of Villa and his men by 27 volunteers under Majors Tompkins and Lindsey ended when the Villa forces made a determined stand after receiving a series of hills, fifteen miles south of the border. The casualties to the American forces during this battle consisted of the death of a corporal whose name has not been learned, and the wounding of Captain George J. Williams, who sustained a bullet wound in the hand. The Mexican casualties in this engagement were not reported.

Of the 16 Americans killed, eight were civilians and eight soldiers.

VILLA PLANNED LAST OCTOBER TO RAID BORDER

(Associated Press Telegram)

Columbus, N. M., March 10.—Papers dropped by Francisco Villa in his flight after his attack on Columbus yesterday revealed, it became known today, that he had decided last October to wage warfare against Americans.

This step, according to Villa's personal documents, was taken immediately following recognition by the United States of the Carranza de facto government and began with the institution of Villa's campaign in Sonora, which ended disastrously at Agua Prieta on November 20.

Among the papers found was what purported to be an agreement between Villa and Mexican residents of Colonia Morelos, near El Tiere, Sonora, pledging mutual support in an effort to oust the Carranza government, confiscate their property and operate their mines and farms.

The citizens, according to the alleged agreement, promised to take up arms with Villa to gain this end. Villa was to furnish the Mexicans of the district with live stock, to be delivered by April, 1914, after he had overthrown Carranza and established himself as supreme chief in Mexico.

Another of the papers acknowledged receipt of \$25,000 in gold from the Consolidated Cananea Copper company at Naco, Sonora, shortly after Villa's retreat from Agua Prieta. The receipt credited the money to export duties on copper ores from Cananea, but a notation showed that the money really was paid for lives of three Americans held as prisoners and who, at the time, were reported to have been marked for execution.

PROMISES WARM RECEPTION WHEN BANDITS RETURN

(Associated Press Telegram)

Columbus, N. M., March 10.—With the First Battalion of the Twentieth Infantry stationed at Victoria early today, Colonel Slocum has about 840 men under his command, prepared to meet any further advances by Villa on American soil.

"If he comes again, we will give him a worse whipping than we gave him yesterday," said Colonel Slocum. Armed civilians kept guard at the school house where their wives and daughters spent the night. The Mexican quarters were closely guarded by patrols. The town was quiet and dark, except for the glowing embers of the ruins of the hotel.

The commanding officer of the Seventh Cavalry, patrolling the border,

er, west of the Gibbons ranch, was notified to watch for any attempt by Mexicans to cross the border at points leading to Deming, N. M., a town about 40 miles north of the international line.

COLUMBUS BOY ONE OF VICTIMS OF BANDIT RAID

(Associated Press Telegram)

Columbus, O., March 10.—Dr. Harry Hart, one of the civilians reported killed yesterday at Columbus, N. M., by Villa bandits, was a son of Maurice Hart, an ice cream manufacturer of this city. He was a graduate of Ohio State University and was the inspector in charge of the Arizona-New Mexico territory for the bureau of Animal Industry, United States department of agriculture.

Dr. Hart also was said to have been in the employ of the secret service department of the state department. Recently he acted as the official representative of Arizona at the launching of the new battleship Arizona. He graduated from Ohio State University in 1906, and was well known here.

The Courts

Executor Appointed.

William Stapleton has been appointed executor under the will of the estate of Mary Ann Kane, late of this city. Bond, \$1,500.

Court of Appeals.

Following is the assignments made by the court of appeals for next week:

Monday—1:30 p. m., Lingafelter vs. Moore.

Tuesday—Flory vs. Rickert; Swisher vs. Rawlings, et al.

Wednesday—T. & O. Ry. Co. vs. Ashbrook; James vs. Gilbert.

Thursday—Rawlings vs. State of Ohio; Davidson vs. Frost, et al.; Thurston vs. Thurston.

Suit for Damages.

The Hulscher-Manning company has filed a petition in common pleas court against John C. Williams, in which it is alleged that on January 23, 1910, defendant sold to plaintiff 100 bushels of wheat, producing a patented sample thereof, and warranting said wheat to be free from any defect that would render it unfit for grinding into a good grade of flour; that said wheat when delivered was a real wheat sample and unfit for flour; that after the wheat was loaded on a car at Hanover, O., the defendant presented a bill of lading and received from the plaintiff payment for the wheat, and giving plaintiff no opportunity to inspect the wheat, and to the damage of plaintiff in the sum of \$175.

BACK FROM MARDI GRAS.

Theodore McKennit, Guy Regan and George Barker returned this afternoon from the Mardi Gras at New Orleans and other southern points. The Newark men also stopped off at Chattanooga on their way home, went up Mt. Lookout and inspected several battlefields, including Missionary Ridge, and Chickamauga. They report a very enjoyable visit and took in everything there was to see at the great New Orleans carnival.

MEETING WITH SUCCESS.

David Buck, proprietor of the Buckeye Wet Wash Laundry at Toledo, is in the city looking after property interests. Mr. Buck has met with signal success since opening his plant at Toledo and now has eight auto deliveries on the road and operates both day and night.

Doubly Handicapped.

"Squigles is a very conscientious and kind hearted man, is he not?" "Very, and it gives him a whole lot of trouble. You see, his conscience never will permit him to carry out his promises, because, it tells him, his kind heart has led him to take a wrong stand."—Richmond Times-Dispatch.

The average adult inhales about one gallon of air a minute.

SOUTHERN DRUG MERCHANT MAKES UNUSUAL STATEMENT

Great Business Losses Due to Neglect

W. WITHERS MILLER, President of the Polk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:

"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."

He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Orderlies, it would be of great benefit to the national welfare. Rexall Orderlies are prompt in action, pleasant to take and never gripe, can be used by men, women or children, and are just the thing for toning up sluggish livers.

We have the exclusive selling rights for this great laxative. Trial size, 10 cents.

HEREDITARY LUNG WEAKNESS

Serious and Fatal Results Can Often Be Avoided By using Simple Precautions.

Men and women who by inheritance of nature have a tendency to weak lungs and the easy acquirement of coughs and colds and who note with alarm the same symptoms developing in their growing children will be interested in the following letter from the wife of a prominent Methodist Minister, reported here in substance:

Wesleyan Methodist Parsonage
V. H. Sibley, Pastor.

Both my parents died of Tuberculosis and it has been of constant alarm to Mr. Sibley and myself, lest in our boy the traces of this dread disease should develop. A double attack of pneumonia left his lungs weak, and he contracted a severe cold. All through the winter he coughed incessantly. Our doctor said we must take our boy from school and give him absolute rest and the best of treatment, if we save him. Then we began to give him OXIDAZE and he soon began to eat and sleep naturally. His night sweats stopped entirely. In three weeks his cough was gone and his flesh and old time vigor returned. He kept on with school and completed his school year with his class in good shape. One mother, to whom I have since recommended Oxidaze, says she is sure it saved the life of her little girl.

Mrs. Grace V. Sibley.
Oxidaze, as used by Mrs. Sibley, is a New England physician's prescription, a pleasant, powerful combination of antiseptic healing agents that contain no alcohol or habit forming drugs. Mingle with the saliva its juices heal the inflamed membranes gently but promptly, not only stopping a dry, hoarse or tight cough but checking the formation of phlegm in the throat and bronchial tubes thus ending the persistent loose cough. Its success has been so really remarkable even in cases of long standing that V. A. Erman, Evans, drug Co., and other leading local druggists say they have been authorized to return the purchase price of any case Oxidaze fails to stop the cough. With a guarantee like this it is well to insist on Oxidaze; take nothing in its place, as a single bottle, taken now, may save many dollars in doctors bills in the future.

TURN HAIR DARK WITH SAGE TEA

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandma's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

One of the world's most powerful wireless stations is being built by the French Government on the Island of Tahiti.

REVIVAL

AROUSES GRANVILLE AND FRATERNAL NIGHT BRINGS OUT MONSTER CROWD.

Rev. Otto Giesen Preaches Powerful Sermon and Special Music Made Service Enjoyable.

(Special to the Advocate.)

Granville, March 10.—The revival meetings at the Methodist church have been wonderfully successful in arousing the interest — not only of the church members, but also the interest of the community at large. The climax was reached last night when the house was packed with a crowd of eager listeners, which overflowed into the vestibule. An invitation had been extended to all the fraternal orders of the village, including Eastern Star, Rebekah, Pythian Sisters, &c., and large representatives from all the orders were present in a body. The stores closed at 7 o'clock instead of at 8 o'clock, the customary hour for closing in Granville, and every one was given the opportunity of attending. The pastor, Rev. Otto Giesen, conducted the service, and preached a powerful sermon on "Ye are my friends if ye keep My Commandments." The music by a large chorus is an important feature of the work, and Mr. Wilber A. Miles of Columbus has led the singing with great feeling and fervor. His services have been invaluable, and he will remain over Sunday. Mrs. Roe Morrow sang a solo with exquisite feeling, entitled, "Drifting," which Pastor Giesen illustrated afterward by one of his famous "chalk talks." Several times during the week he has given one of these wonderful illustrated talks. Last night taking for the theme: "I am the vine, ye are the branches," illustrating with deft strokes on the blackboard. Over sixty converts are reported as a result of these meetings. Meeting again tonight, Baptist Sunday morning.

The Cup of Cold Water Circle of the Kiwanis in Granville now has the largest membership of any in the state, there being 138 members—113 active and 25 contributing, and it has just closed its sixteenth and most prosperous year. The members are especially grateful to the many who have shown such an interest in their work during the year, for all the liberal donations and patronage and all help given "In His Name." But all this interest and helpfulness are the direct result of the Circle's self-sacrificing devotion to duty. Such a spirit is contagious in a community and cannot fail of its results. Total receipts during the year have been \$554.06; total disbursement, \$781.07, leaving a balance of \$72.99.

The Denison club in Toledo held a reception and banquet last week which was attended by about seventy enthusiastic alumni and former students. Robert Dunn, '10, acted as toastmaster, calling upon several resident alumni and guests to speeches. Mr. Mark Winchester, '02, attorney at law, of Toledo; Rev. Thomas Prizell pastor of the First Baptist church of Toledo; Mr. S. B. Briery of Chicago, president of the Alumni association, and Dr. C. L. Williams of the Denison faculty. Mrs. Clyde Newton, formerly Miss Benedict gave two piano selections. The committee in charge of the arrangements, Dr. Harry Pommett, Miss Ruth Abell, Mr. and Mrs. Homer Chamberlain, Miss Ruth Bryant, Mr. C. W. Shinn.

It is with the deepest regret that the Phi Beta Kappa society announces that on account of the serious illness of Dr. James A. MacDonald of Toronto, who was to have delivered the annual address before the society next Wednesday evening, the engagement has been cancelled. Dr. MacDonald is in the Toronto Hospital and will not be able to fill any speaking engagements for weeks to come.

Mrs. Walter Livingston, who was called to Piqua last week by the death of her grandfather, is expected home tomorrow.

Eastern Star will hold its regular meeting this evening at 7:30 o'clock. Mr. and Mrs. Frederick Wilson Crawford, 995 East Broad street, Columbus, announce the engagement of their daughter Catherine, to Mr. John Hughes Hisslop. The marriage will take place in the spring. Mr. Hisslop graduated from Denison in '06 and is a member of the Beta Theta Pi fraternity.

Mr. and Mrs. C. J. Pence of North street have been guests this week of their son-in-law and daughter, Mr. and Mrs. Harris Owen in Columbus. At a joint meeting of the town

YOUR FRECKLES

Need Attention in March or Face May Stay Covered.

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.

NUXATED IRON

and township school boards, at which the project of erecting a joint high school building was again thoroughly discussed, a resolution was adopted to erect such a building. They also passed a resolution calling for an election to be held on a bond issue of \$30,000 for each board. The village board also passed a resolution providing that after the building is completed, they will take care of such elementary grades of the township as the better may desire. The election is to be held on Tuesday, March 28.

WELSH HILLS

Mr. Blackston moved from the Pittsford house, to Mr. George Deeds' farm near Outville, last week. Mrs. Evan Price and daughter, Mrs. Walter Packham spent last Wednesday afternoon with Mrs. Albert Hankinson.

Those who attended the oyster supper given at the home of Mr. Thomas Evans last Tuesday evening, had a most enjoyable time. Mrs. McKinney of Kansas City, Mo., and Mrs. Daniel Keller and daughter Margarette spent the day last week at the home of Mrs. Wm. Pittsford.

Mrs. Thomas Phillips returned to her home at Painesville, N. Y., Friday, after spending a week with her parents. She was accompanied by her sister-in-law, Miss Bertha Phillips.

A number from this place attended the entertainment given by the Salisbury family in Granville, Friday evening.

Mr. Ben King and family and Mr. Harvey Jones and family spent Saturday evening at the home of Mr. William Pittsford.

Mr. J. M. Cada attended church here Sunday and spent the afternoon at the home of H. J. Williams. Friends were sorry to hear the sad news Sunday, that William Evans had been taken to the Newark Hospital Saturday night. It was learned later, that he underwent an operation Tuesday morning. We all hope for his speedy recovery.

Mr. Baker was the guest of Wilbur Berres after church Sunday.

Mrs. Carey Evans and daughter Emily, spent Sunday afternoon with their aunt, Mrs. Mary C. Williams.

Mr. and Mrs. Fred Williams spent Sunday afternoon with the latter's sisters, Mrs. Cora Rose and Miss Emma Lawyer of Granville.

The Ladies' Missionary society will hold their next meeting on Wednesday afternoon March 15, at the home of Mrs. John Hankinson. A welcome is extended to all.

DANSANT DRESS OF BLACK TULLE

A very charming dress for the dance is this Maurer model imported by Mrs. Whitney for her fashion show and worn by Miss Pauline Merriam. It is of black tulle with a corsage of gold broche taffeta, gold cord and tulle.

98 BABIES IN CONTEST FOR TWO PRIZES

NAMES OF WINNERS WILL BE ANNOUNCED AT LECTURE SATURDAY AFTERNOON

Dr. U. K. Essington's Talk Will Close Program for "Baby Week" Which Has Been a Success.

Greater interest was taken in the judging of the babies on Thursday than on Wednesday and the attendance at both the City Hospital and the Newark Sanitarium were busy engaged during the hours from 2 to 4 o'clock caring for them.

At the Newark Sanitarium Mr. H. L. Montgomery assisted by a corps of nurses scored forty-one babies. There were twenty-two judged the day before at the Sanitarium. At the City Hospital on Thursday twenty-two were examined by Mrs. E. V. Bowers and Mrs. H. J. Davis. Thirteen were judged at the hospital Wednesday, making a total of 98 babies scored in two days at the two institutions.

The cards bearing the score are being examined today and the winners of the two \$5.00 prizes will be decided upon, but the winners will not be announced until Saturday afternoon when Dr. U. K. Essington, will deliver a lecture at the High School Auditorium, on "The Care of the Baby."

SUMMIT HILL

Several from here have been attending meetings at Long Run. Miss Ethel Holten is spending a few weeks at home.

There has been no school at this place the past two weeks on account of the teacher having quinsy.

Several from here attended meeting at Miles Chapel Sunday morning. Miss Arla Holten spent Sunday with their mother of this place.

HOG RUN

Cold weather still prevails in this section.

Mr. Calvin Guttridge lost his family horse on Wednesday. The animal suffered a broken leg when kicked by another horse. It had to be killed.

Some buildings were damaged last Tuesday evening by the wind storm.

Mrs. Clarence Rutledge who has been ill for some time with nervous trouble is recovering.

George L. Swartz of near Jacktown is confined to his bed with pleurisy and grip.

A petition is being circulated in Licking township for a local option election to be held in the near future.

Edgar Woolard had his barn partly unroofed last Tuesday evening by the wind storm.

Mrs. Estel Fulk and son Frank spent part of this week with Mr. G. L. Swartz and family.

Miss Evelyn Shull of Wheeling, W. Va., has been visiting relatives and friends here this week.

Mrs. Henry Irwin spent part of this week with Mr. Raymond Hupp and family of near Newark.

Our mail carriers have been having some very bad roads to travel owing to deep mud and bad places.

Quite an electrical display was exhibited on the high tension line along the Richardson farm Tuesday evening during the storm.

Mr. John Dusthimer had his barn unroofed and some trees damaged during the recent wind storm.

A "Young" Old Lady.

In "The Intimate Letters of Hester Piozzi and Penelope Pennington," edited by Oswald G. Knapp, appears an anecdote of a most unusual old lady.

There was a Mrs. Shelley in Sussex, says Mrs. Piozzi—her sneering neighbors called her Epistle and Gospel—who had two maiden daughters. One broke her leg and died at about forty years of age, but the other departed not until five years ago. The doctors told her mamma there was no hope, and she proudly resigned herself to the loss.

"But tell me at least," cried she, "what ail, my poor child and of what can she possibly be dying?"

"Of age, dear madam," answered her physician. "Miss Shelley was never strong, and seventy-six years have nearly worn her out."

"Oh, dear! Is she really? Why, I am ninety-four myself, and I am not dying of age!"

She spoke truly and outlived her little girl, as she called her, six years.

A Bit of Railroad History.

"There is a grave in Greenwood cemetery," said an old time railroad man, "the stone at the head of which bears only the name of the man whose remains are buried there, the date of his birth and the date of his death. Yet that man, John Raymond, built the first mile of railroad for commercial use and designed for locomotive power ever put down on the American continent."

"That was in 1828, and that first mile of railroad was the beginning of the Delaware and Hudson Canal company's railroad between the head of its canal at Honesdale, Pa., and its coal mines at Carbondale. And on that first mile of track the first locomotive to turn a wheel in America was run in August, 1829."

"John Raymond was a native of Walton, Delaware county, N. Y., and died in Scranton, Pa., in 1883. He ought to have a place in railroad history, seems to me."—New York Sun.

H. H. Johnson, a cotton growing expert has been engaged by the Chinese Government to try to raise cotton in that country.

FISK

NON-SKID

1916 Will Be A Fisk Non-Skid Year Like 1915—Will You Be A Fisk User?

The unprecedented demand for this quality tire at low prices continues. It still costs less than the smooth tread tires of many other standard makes.

With Fisk Free Service in more than 100 Fisk Branches it is the greatest tire buy of the year.

This Dog Would Aid "Baby Week"

He was only a nice wooly doggy, and all day he pattered about nosing at the babies left by the mothers in front of the stores while they shopped. But he liked to help watch over them, and in that way he became fonder each day of the tiny mites.

Then came a day, when each store window before which he lazily drowsed in the sun, but reflected more of those pink cheeks, blue eyes and puckering mouths which looked exactly like the babies that slept in "Cocoonettes." Though only a dog he had realized that this was a baby week, and remembering that he had seen a nice book all about baby faces, which was being given away by the merchant in front of whose store he sat, the dog jumped the book first in his mouth, and tried to further the baby week by offering it to each passerby.

All day Thursday he pattered about with the baby book, gravely offering it to the passerby on Third street, or sitting mummy in the store vestibule he would drop it at your feet.

Joseph Choate, who is now 84 years of age is still sought by clients as the leader of the bar.

ESTABLISHED IN 1920

Entered as Second Class Matter March 10, 1915, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

The Copperheads of 1916.

Republican politicians every where seem to be greatly disturbed over the inclination of all our people to rally to President in this national crisis. We have said the Republican politicians because the great body of Republicans and some of their real leaders have been not only able but willing to put patriotism above party politics and partisanship. One of the axioms of American politics has hitherto been that while we differ widely about domestic concern, on questions of foreign policy we adopt the motto "United we stand, divided we fall."

The American Tribune last night instead of turning its guns on those who, for various reasons would cripple the President in this crisis, somehow would seek to diminish this needed support by calling attention to many things of domestic interest about which parties have differed and will differ until the end of time. In thus trying in a public and roundabout way to strike a discordant note in the chorus of whole hearted support which the American people are tendering their President in the present crisis, the American Tribune is but echoing and imitating the performances of some greater political lights who ought to know more and behave better than the American Tribune does.

On Tuesday at Canal Winchester, Governor Willis said that no body in the United States wants war except at Washington, thereby seeking to insinuate that somebody at Washington wants war. If he knows this much, he ought to know who at Washington wants war, and if as he would have the people believe he means the President, he ought to have the nerve to say so. This would be far more manly than to seek to insidiously encourage those who would in this time convey the impression that our councils are divided.

Such a disposition was manifested when three fourths of the Republicans in the House of Representatives voted to interfere with the President instead of standing by him. A like motive actuated the majority of the Republican Senators when they voted the same way.

Time was when Republicanism boasted of nothing so much as its patriotism, in fact it claimed a monopoly of that commodity, but evil times have come upon them, and their spokesman, both by mouth and in the press, are ready to lose sight of patriotism in pursuit of the mirage of partisan success.

Peanut politics devoted to partisan obstruction of the action of the government in the crisis of 1916 will deserve the same name that it earned in the year from 1861 to 1865.

After deploring the candy habit among the young, the Old Timers drive down to the grocery store and load up with the annual order for new maple sugar.

Daily History Class—March 10.

1776—General Washington received instructions from the Continental congress to destroy Boston, if necessary.

1872—Giuseppe (Joseph) Mazzini, Italian revolutionist and recognized head of the young Italy movement, died at Pisa; born 1805.

1915—German auxiliary cruiser Prinz Eitel Friedrich reached Hampton Roads after a seven months' cruise destroying enemy commerce. She had on board the officers and crew of the United States wheat ship W. P. Frye, which she had sunk Feb. 27.

ASTRONOMICAL EVENTS.

Breeding stars: Saturn, Jupiter, Mars. Morning stars: Venus, Mercury. Draco (the Dragon) conspicuous north of northeast about 8.30 p. m.

Test Your Seed Corn.

Testing seed corn has paid at the rate of \$6.85 an hour if corn is worth 50 cents a bushel, according to results obtained during five years at the Ohio Experiment Station and reported by C. G. Williams in the March Monthly Bulletin of the Station. During the five years an average increase of 4.11 bushels per acre has been made by testing the corn before it is planted. In 1912 this increase was 9.27 bushels.

Tests made at the Station show that the corn crop of 1915 had more moisture in it than any other crop tested. It had nearly 10 per cent more moisture than the crop of 1912, which was an unusually wet season. For this reason Mr. Williams advises that all seed corn be tested this spring because of the excessive rainfall of last summer and fall.

In testing seed corn, six kernels taken from different parts of each ear are kept moist for about a week in germination boxes at a temperature of 50 to 75 degrees. The ears are numbered to correspond to the squares in the tester, and in this way all ears may be rejected that have any kernels which do not sprout. Further information regarding such testers may be obtained from the Experiment Station, Wooster, Ohio.

Booster or Knocker?

When the Creator had made all the good things, there was still some dirty work to do, so He made the beasts and reptiles and poisonous insects, and when He had finished He had some scraps that were too bad to put into the Rattle Snake, the Hyena, the Scorpion and the Skunk, so He put all these together, covered it with suspicion, wrapped it with jealousy, marked it with a yellow streak, and called it a KNOCKER.

This product was so fearful to contemplate that He had to make something to counteract it, so He took a sunbeam and put in it the heart of a child, the brain of a man, wrapped these in civic pride, covered it with brotherly love, gave it a mask of velvet and a grasp of steel, and called it a BOOSTER; made him a lover of fields and flowers and manly sports, a believer in equality and justice, and ever since these two were, mortal man has had the privilege of choosing his associates.—P. G. Holden, Chicago.

The End of It.

(New York Times.) The courage and the wisdom of the President have their reward. The last stronghold of secession, of alien intrigue and factional conspiracy has surrendered. The Senate last week by a vote of 68 to 14 and the House of Representatives yesterday by a vote of 276 to 74 have put out of the way the cowardly proposal to contract the sphere of American rights to make room for the expansion of Germany's sphere of lawlessness. The Stars and Stripes float over the Capitol.

From the moment when Mr. Wilson put forth his challenge to his foes and the country's unfaithful servants in Congress there was never a doubt of the result. The President is sustained, the plotters against him are overthrown. No sophisticated either of the offensive resolutions or of the vote as taken can conceal or dim his triumph. The one thing needful to free his arm, to avert the disgrace which Congress threatened to put upon the country was to make an end of the Gore and McLemore resolutions. That has been done, and Berlin is on notice that it has to deal with an American President and not with Bryanized Senators and hypenated Congressmen.

The decision had to be taken. False tongues had magnified the work of disloyal minds until Berlin was deluded into the belief that we could be made to submit to any degree of injury and outrage, that the venom of the propaganda had done its work in Congress, that the President was powerless. Ambassador Dumb was sent home to cure the mischief wrought by Secretary Bryan's evil talking—the sharp and sure way. President Wilson dared Congress to set limits to the exercise of his constitutional powers, and it capitulated. He is now in a position to do what he said he would do—protect the rights of Americans and the honor of the nation.

Undress on Stage and Street

(New York World.) The manager of the Kansas City Opera House attributes the decline of interest in musical comedy to the competition of the passing show of femininity in the streets. In former days, he says, men and women went to the theatre to see girls in short skirts, fat shoes and spectacular stockings. Now, with the exercise of their masculine eyes, visible for nothing, why should people pay to see the same thing in the theatre—and less of it? Is musical comedy in the Western centre of culture as decorous as this comparison implies? Possibly women have gone as far as the Kansas City stage has gone in the matter of scanty skirts and diaphanous hosiery, they have not as yet attained to Broadway stage standards. Fifth avenue still draws the line at bare legs, and while this difference remains, some other cause must be found for any want of interest in musical comedy.

In the interest of accuracy it must be said that the stage maintains its lead in disrobing tendencies. True, Dress Store.

It has been put to new expedients of daring to meet the competition. It answered the challenge of the silk stockings shown above the showtops by taking off the stockings altogether. It is still an inch or two ahead in décollete and an inch or two more in the abbreviation of skirts. In fact, it is a pretty contest as it stands and it is up to the women to make the next move. But until then New York managers have no occasion for alarm over a decrease of box-office receipts.

Spirit of the Press

The Oldest President.
The oldest president ever elected was William Henry Harrison—sixty-eight—who died in office. The only others elected after the age of sixty were Adams, Jackson, Taylor and Buchanan, and of these Taylor died in office. The average age of the presidents at the time of election has been figured out as something less than fifty-five and a half. These statistics are cited not as an argument for anybody nor against anybody, but merely as a contribution to "the truth of history."—Evening Wisconsin.

What Ails Prosperity in Chicago?
Mayor Thompson, of Chicago, who was elected to office in 1915 on the er-gearing platform of prosperity, has been beaten in the Republican primary contests over nominations for Aldermen. His candidates were put forward as representatives of the city Administration, and all the influence of the Mayor's organization was exerted in their behalf. In spite of this the City Hall contenders were defeated generally, and instead of a political black eye, the Mayor received an indorsement of the city. What is the matter with the Thompsonian brand of prosperity? Strange tales have come from Chicago: split salaries, "carnivals of crime," loose enforcement of the laws today, rigid application of their provisions tomorrow. Only a year ago the city was free from wrongdoing, a model to all the earth; its rapelapses have been violent and unexpected. Can it be that the prosperity cry of last year has been interpreted in too narrow and exclusive a sense?—New York Sun.

Who Pays the Bills?
The department of justice hears that General Felix Diaz has set out for Mexico to start a new revolution. Ambitious in Latin America are anxious for the equipment of rival commercial interests, it often pays better to get concessions from one's own revolutionary government than to wait for the slower profits of ordinary trade. Before it will be possible to judge how serious the proposed revolution is, it will be necessary to know what interests are financing it.—Kansas City Times.

Pointed Paragraphs

The vote of nearly two to one against the McLemore resolution must be compared for its full significance with Speaker Clark's week-ago estimate of three to one in favor of it.—New York World.

The Boston Bar finds a lot to say about Louis O. Brandeis when he is nominated to high office, but why the moaning of that bar muffled all the years of his activity?—Boston Eagle.

Berlin editors have difficulty in getting the precise significance of happenings in Congress. But so have some of the members of Congress.—Washington Star.

Congress is now assured of not having to ride to Washington on horseback next year. By a vote of 150 to 46 the House of Representatives decided not to reduce the members' mileage from 20 cents to five. Hence that two cents a mile is something to look forward to.—Washington Herald.

Now that Jeff McLemore has been made famous, or something like that, by the disturbance caused by his "stay off" resolution, surely Matt ought to be able to do something to get his name on the first page.—Indianapolis News.

The German Drive on the Washington front is checked—at least temporarily. Gas bombs have thus far proved ineffective as a mode of attack.—Boston Record.

The young lady across the way says she guesses her father's company must be making more money than it knows how to do, as she overheard him tell his lawyer a strict confidence that it was grossly overcapitalized.—Ohio State Journal.

Quaker Quips.

(Philadelphia Record.) "Fortunate is he," says the Cynical Bachelor, "whose first love is his last."

You never can tell. Many a golden opportunity becomes tarnished from lack of use.

A man has got to be pretty high up to be above suspicion and above reproach.

The world takes the average man for what he is worth, but it doesn't take him very far.

Just because a man is a rounder it doesn't necessarily indicate that he moves in the best circles.

When a fellow is down and out everybody knows it. You can't lose your money and keep it to yourself.

Even sound advice may be picked to pieces, and you may find that it is three parts sound, and one part advice.

A skeptic is a man who goes into a scheme of the ground floor, and immediately looks around for the fire escapes.

THEIR CHANCE TO LAUGH

The Advocate's Melting Pot

The privative blessings—the blessings of immunity, safeguard, liberty, and integrity—which we enjoy, deserve the thanksgiving of a whole life.—Jeremy Taylor.

Sure
"Oh, Pa, what makes the rivers run?"
"Asked little Benny Bings."
"His Pa replied, 'That's easy, son. They have a lot of spindles.'"
"If springs will make things run," he said.
"Inquiring little Ben."
"Pray tell me why my little bed remains so quiet then?"
—Luke McLuke.

The Horse.
The Horse is an Animal that will probably soon be extinct. At times, when we have seen a Driver beating his Team, we have longed for the Hastening of the Day when Automobiles, or at least Fords, will be universally used. Then we hope that some Sweet Day it may be Granted us to stand on the Curb and watch an Impassioned Driver wreck his Machine because it will not Pull.

Aunt Caline says: Aunt Anne Skinner had a birthday this week an' the Granville neighbors cooked up a right good dinner an' went down to surprise her. Everybody took her a nice present. Will Skinner, her husband, give her a year's subscription to the "Farmer's Friend," which is a stock an' cattle paper.

The Fracture
Sad was the case Of Eli Bird. He fell from grace And broke his word.

Bear Up, Gentleman.
Stalwart men may feel the blow and weep bitterly in private, but they will try to bear up under the tidings that there is a shortage of canary birds.—Chicago News.

Thank heaven we still have with us the faithful family cat, the an-

Rippling Rhymes

Bonehead Plays.
We might, as graveyard we advance, know, naught but golden days, if we did not, at every chance, indulge in bonehead plays. For nearly all the ills we know, and all the pains and aches, originated long ago, in our own foolish breaks. Man labors, in his stalwart years, and when he draws his pays, he blows it in for long cold beers, and that's a bonehead play. The schoolboy Mother's Little Pet, upon a summer day, learns how to smoke a cigarette, and that's a bonehead play. The damsel learns to paint and sing, to dance the night away, but sidesteps every useful thing, and that's a bonehead play. All carelessly man goes in debt for grub and clothes and hay, and knows, when lawyers make him sweat, it was a bonehead play. To buy a gaudy choo-choo car, man signs his home away, and says some day, with breaking heart, "it was a bonehead play." This life of ours should be sublime, our hearts should all be glad; but we pull boneheads all the time, and that's why life is sad.
WALT MASON.

FAMED EDUCATOR DEAD.

Miss Nebraska, March 10.—Miss Nebraska Cropsey, aged 71, known throughout the United States as an educator, is dead at her home here. She was connected with the Indianapolis public schools for 55 years and when she died there in 1914.

A Gabby World
And others like to ride about
But nearly everyone you meet
Is simply bound to talk.
—Birmingham Age-Herald.

"This true one needn't travel far
To meet the gabby kind.
But those that like to listen are
Extremely hard to find."
—Springfield Union.

It does not matter what you like:
When gabbers are about
They get you where you can not Moke
And spill the language out.
—Houston Post.

The talking may be bad enough
And nag like anything,
But Lord have mercy on our souls
When they begin to sing!
—Memphis Commercial Appeal.

Themselves the subject of their gab,
Their talk is most absurd;
We often wish they'd cease to blab
So we could have a word.

Did You Know
That the calculated number of descendants of a fly that would begin laying about April first would be, by October first, 131,220,000,000,000,000 or if you like it better 131 quintillions, 220 quadrillions?
Hewitt says: It has been calculated that if the progeny of a single pair of flies, assuming that they all lived, were pressed together at the end of the summer they would occupy a space of about 250,000 cubic feet.

From which data it may easily be inferred that now is the time to swat every fly in sight.
The North Carolina Bulletin warns the people of that state to kill the winter flies. It says: "Don't trust the cold to kill them. Don't assume that they are dead when you find them lying on floors or windowsills in unused rooms. They are playing possum and will recover when the temperature rises."

was superintendent of primary instruction.
Miss Cropsey at one time was vice president of the National Educational Association.

The wireless station at Colon at noon each day sends out broadcast forecasts of the weather in the Caribbean, South Atlantic and Gulf regions to aid shipping.

"Nostriola" Is Quick-Help for a Croupy Child
Mother! Don't take chances. Get NOSTRIOLA for Colds and Croup.

The formula is plainly printed on each package, and this simple, sensible, harmless treatment gives instant relief and there is no waiting for results.

To cut phlegm, stop choking and coughing and open the air passages, have child swallow a little NOSTRIOLA at once; also apply to nostrils and rub on throat and chest, covering with a hot woolen cloth.

This will quickly soothe the inflamed parts, permitting restful sleep, and in the morning you will have a happy, playful child.

A small tube of NOSTRIOLA, which you can get at any drug store, will last for months, and you can't make

DON'T GO TO BED WITH COLD FEET

Says: "Often Brings on Attacks of Acute Rheumatism."

An ounce of prevention is worth a pound of cure, and people who are subject to attacks of rheumatism should never go to bed with cold feet. A whole lot is being said about taking salts and effervescent tablets for rheumatism and eczema, but those who suffer twinges and painful swollen joints need something powerful to overcome their piteous suffering.

Any broad-minded druggist will tell you that one-half teaspoonful of Rheuma taken once a day is driving more rheumatism out of afflicted people than all the salts on earth. Right in this neighborhood T. J. Evans and all druggists sell large quantities of it, and it's the surest and most inexpensive remedy—about 50 cents a bottle.

25 Years Ago

(From Advocate, March 10, 1891.) Mrs. J. Buckingham and Mrs. H. A. Norris left this morning for Columbus.

The mechanical drawing class of the Y. M. C. A. will resume its sessions at 7:30 o'clock this evening under the direction of Mr. G. F. Richards.

Mr. J. Wilson went to Columbus today.

The funeral of the late William H. Cochran took place this morning at 10 o'clock at his late home southwest of the city.

15 YEARS AGO TODAY.

(From Advocate, March 10, 1901.) Mrs. Charles Conrad of Buena Vista street, Thursday entertained in a charming manner the Coterie club. The hardware firm of McCune, Owens & Co., dissolved yesterday and the McCune, Crane Hardware Co. succeeded the old firm at 11 South Park Place.

Engineer M. Kiley who has been quite sick for some time will soon return to work.

The World War a Year Ago Today—March 10.

The German submarine U-12 rained and sunk by British torpedo boat destroyer Ariel off the coast of England.

Germany's auxiliary cruiser Eitel Friedrich made port in neutral waters at Newport News, Va., at the end of a 30,000 mile sea raid. The raiders had on board 342 passengers and the crews of eleven vessels sunk by her, including the American ship W. P. Frye, which was destroyed, with her cargo of wheat on Feb. 27.

Germany reported the end of a winter battle in the Champagne, which the allies began Feb. 17, along a five mile front.

Auto Riding.
And other outdoor recreations are highly beneficial but you should protect the face and hands with frequent application of Sheeran's Cream of Quince Seed. This delightful toilet aid will keep the complexion smooth and clear and the hands soft and supple.

GRAPHIC STORY

BROUGHT FROM WAR BY DOCTOR

A large audience greeted Dr. H. H. Snively, a former Lexington county man, at the High School Auditorium on Thursday evening when he lectured on "Russia." Dr. Snively came to Newark to lecture, the proceeds to be derived to be donated to the Public Library.

Dr. Snively was introduced by Superintendent of Schools, Wilson Hawkins, and his lecture was most interesting being compiled by Dr. Snively from his personal experiences while in various parts of Russia, doing Red Cross work. He told of the big battle of Petrograd, the return of the refugees to the city, and with stereopticon views showed the care of the wounded.

Soldiers, terribly disfigured in the battle were shown, and one a victim of shrapnel, depicted the havoc wrought by a discharge of this sort of ammunition.

The speaker told of the cruelty of the Turks and Kurds to their prisoners, and of the horrors of their massacres. Prisoners are forced to put their heads between the rungs of a ladder, and the soldiers, then wagger with each other as to who shall cut off their heads. Others are placed in sealed houses and the buildings are then fired.

Dr. Snively told of the great work being done by the Red Cross, and of the systems maintained to aid efficiency to the service.

His descriptions were graphic and realistic and with the added views shown by stereopticon afforded a most interesting entertainment.

Theatres

"Battle Cry of Peace."

"The Battle Cry of Peace," which appeared at the Auditorium for two days a month ago, and which played to capacity houses at each performance, will be the attraction at the Auditorium Sunday March 12. The pictures will be given two performances, the afternoon show beginning at 2:15 and the evening at 8:15

o'clock. The admission will be the same, 25, 35 and 50 cents.

The picture since its release has been in great demand by exhibitors throughout the country and it was

CHARLES RICHMAN

In "The Battle Cry of Peace" at the Auditorium Sunday.

with the greatest difficulty that Manager Harry English succeeded in securing a return date.

The Howe-Ziegler orchestra of Columbus and the Auditorium orchestra will again play the music which has been especially arranged for this Vitaphone masterpiece.

Hansel and Gretel at Kiddies Matinee.

The Mazda Saturday morning will offer another children's picture, the great fairy tale of Hansel and Gretel which will be put on from 9 to 12. See the coupon, which is worth 2 cents, in the Mazda advertisement.

Why Girls Go Astray.

"Protect Us," which comes to the Mazda Saturday and Sunday is a

powerful plea for the innocent and helpless for the protection of the home, and tells why girls go astray and how you can save them.

The lesson of "Protect Us" is contained in the youthful life of experience of four entirely different type of girls. The first of these is a girl who thinks her parents' ideas are old fashioned, and who lives in a too strictly regulated home. She is full of youth and is naturally dissatisfied when she is compelled to get all her diversion in the society of her elderly parents. She makes a street acquaintance. It is "The Runner," sinister figure throughout the entire play. The second victim is the innocent girl compelled to work hard for her living and tiring of the horrible daily grind. Her youth cries out for some relaxation and pleasure just a taste of the life which others more fortunate are able to enjoy. The dance hall beckons her to its doors. She enters and so follows her eventual life. The third girl is the one whose parents who have been too nice to teach her any of the problems of life. Her experience with the man she trusts follows. The fourth girl of the film is the one who is dissatisfied with her narrow home life, and who imagines that the way to escape lies by way of the stage. She answers a fake advertisement and signs a contract to go to Mexico. The theatrical agency is but one of the many traps that await her.

To point the moral of the story, the author has brought back to the starting point all of the girls involved, and has shown the different roads which they might have traveled had they only known.

The management of the Lyric theatre has booked for today and tomorrow one of the greatest moving pictures ever filmed. You see all seven sides in action. The camera man risked his own life to secure actual battle and naval scenes which is one of the great features of the picture. Every scene is lectured on by a dutch lieutenant. Together with this picture, "Yust from Sweden" featuring Ella Hall and Robert Leonard will also be shown.

The home of David Sines near the U. B. church was damaged by fire Thursday. The origin is not known. The fire was extinguished by the village fire department, which was hauled to the scene by Carl McFadden, who attached his automobile to the apparatus.

Prof. J. N. Clarke will address the members of Pataskala Grange Saturday at 7:30 o'clock in the interest of the junior corn contest.

Ambition Pills

For Nervous People.

Ambition Pills are a dependable ally in the fight against Nervous Prostration, Sleeplessness and various affections of the Nervous system. Lack of confidence, trembling, kidney or liver complaints mean inefficiency and eventually failure. If you wish to recover your former vigor and energy try Wendell's Ambition Pills. If you are dissatisfied T. J. Evans is authorized by the maker to refund the purchase price on the first box purchased.

It is worth while to feel ambitious to have the energy that makes you go to work eagerly, and to feel the glow of health and strength.

Ambition Pills will assist you in overcoming General Debility, Mental Depression, and Unstrung Nerves, caused by over-indulgence in Alcohol, Tobacco, or overwork of any kind. Fifty cents at T. J. Evans and dealers everywhere. Mail orders filled, charges prepaid by the Wendell Pharmaceutical Company, Inc., Syracuse, N. Y.

STEEL COACHES

SAVE PASSENGERS

ON FAST TRAIN

(ASSOCIATED PRESS TELEGRAM)

Altoona, Pa., March 10.—Of the 83 passengers on board the Manhattan Limited, one of the Pennsylvania railroad's fast New York-Chicago trains, which was wrecked last night near Port Royal, fifty miles west of Harrisburg only three were injured.

They were able to continue their journey after treatment at a temporary hospital. S. P. Shope, a fireman was killed and Thomas P. Trout an engineer was badly hurt.

The limited train crashed into a freight wreck and the entire train was derailed the engine going over an embankment carrying the engineer and fireman with it. The passenger train was made up exclusively of sleeping cars, all of steel construction.

SEAT SALE FOR

SYMPHONY WILL

OPEN MARCH 16

The second concert of the Women's Music Club Series will be given by the Cincinnati Symphony Orchestra, Dr. Ernest Kunwald, Conductor, at the Auditorium Theatre Thursday evening, March 16.

The concert will begin promptly at 8:15 o'clock and those who are not in their seats by that time must wait until after the orchestra have finished playing.

Season ticket holders may have their seats reserved Tuesday morning, March 14th at 10 o'clock, and ten tickets will be allowed each person at the box office window.

Single admission tickets may be purchased from any member of the Music Club and the seat sale will be Wednesday morning, March 15th at 10 o'clock.

PATASKALA

Burglars who entered the Pataskala Merchandise Company's store last Sunday morning secured but 42 cents. T. W. Van Dorn was notified that burglars were in the place and with Harry Pravel and James Howard, the store was surrounded but the burglars disappeared before their arrival.

The home of David Sines near the U. B. church was damaged by fire Thursday. The origin is not known. The fire was extinguished by the village fire department, which was hauled to the scene by Carl McFadden, who attached his automobile to the apparatus.

Prof. J. N. Clarke will address the members of Pataskala Grange Saturday at 7:30 o'clock in the interest of the junior corn contest.

Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth, even just a little, see your dentist at once.

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send 4c in stamps or coin for sample tube and folder. Address The Santal Remedies Company 503 Union Central Building, Cincinnati, Ohio.

RUB BACKACHE AWAY WITH "ST. JACOBS OIL"

Rub Lumbago, Pain and Soreness from Your Lame Back—Instant Relief! Doesn't Blister—Get a Small Trial Bottle—Wonderful Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating liniment needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints. In use for over sixty years.

A Hint to Mothers Of Growing Children

A Mild Laxative at Regular Intervals Will Prevent Constipation.

A vital point upon which all schools of medicine seem to agree is that normal regularity of the bowels is an essential to good health. The importance of this is impressed particularly in mothers of growing children.

A very valuable remedy that should be kept in every home for use as occasion arises is Dr. Caldwell's Syrup Pepsin, a compound of simple laxative herbs that has been prescribed by Dr. W. B. Caldwell of Monticello, Ill., for more than twenty-five years, and which can now be obtained in any well stocked drug store for fifty cents a bottle.

In a recent letter to Dr. Caldwell, Mrs. H. C. Turner, 814 Main St., Buffalo, N. Y., says: "I bought a bottle of Dr. Caldwell's Syrup Pepsin for my baby, Roland Lee Turner, and find it works just like you said it would. It is fine for the stomach and bowels."

A bottle of Dr. Caldwell's Syrup

ROLAND LEE TURNER.

Fenish should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

Won Scholarship On Class Standing Not Athletic Prowess

Maynard White, son of Clarence H. White of New York, who formerly lived in Newark, won his scholarship at Brown University by his

MAYNARD WHITE.

class standing, having received two terms of work in one. He chose the scholarship at Brown in several others, a record in universities. The principal of State High School recommended the young man for the scholarship. He has been successful in studies on the scholarship was not awarded him on that account.

HOW TO BE SLIM

If you are too fat and want to reduce your weight 10 or 20 pounds, don't starve, and weaken your system, or think you must always be lashed at on account of your fat, but go to any good druggist and get a box of Oil of Kola capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body.

It costs little, is absolutely harmless and a woman's trial should convince anyone that it is unnecessary to be burdened with a heavy pound or two of unshapely fat.

NEWARK R. F. D. 7

Mr. and Mrs. Byron Harris entertained with a surprise party Saturday evening, March 4th, honoring their son and wife, Mr. and Mrs. Willie Harris. At a late hour luncheon was served to the following guests: Mr. and Mrs. Earnie Steadley and children, Edward and Opal; Mr. and Mrs. John Dadeon and daughter Lela; Mr. and Mrs. Ora Cochran and children, Harley, Veva, and Mary; Mr. and Mrs. Calvin Laymon and daughters, Helen and Mary; Mr. and Mrs. Rex Biegs and son Albert; Mr. and Mrs. John Miller, Mrs. Allen Miller and daughter, Dorothy; and Mrs. David Miller. The Messrs. Inez and Hazel Dadeon, Ed Miller, Vernice Booth, Ruth Inlow, and Lela McLanahan, Messrs. George and Lee Pound, Jess Swisher, Carl Miller, Glendon Dadeon, Evan Lloyd, Orville Booth, Charlie and Stanley Miller, Perry Martin, Frank Dadeon and John Woods.

Mrs. Theodore Parker is somewhat moved at this writing.

Wm. Fisk took dinner with Mr. and Mrs. Chas. Fisk Sunday.

Mr. and Mrs. Lee Koor and children Lela, Francis, and Dora, spent Sunday with their parents, Mr. and Mrs. Allen Moore.

Mr. and Mrs. John Miller visited Sunday with the former's mother, Mrs. Lena Miller.

Rev. Nunn filled his appointment at Rocky Park Sunday and Sunday night.

Mrs. Hazel Penn of Alexandria is visiting her grandparents, Mr. and Mrs. Moses Sherman this week.

Mr. and Mrs. Willie Harris were callers at the home of Mr. and Mrs. George Sherman Sunday afternoon.

Rev. Cox began a series of meetings at the Wilkes Corners school house, Tuesday night.

Mr. and Mrs. Allen Rank spent Sunday afternoon with Frank and Annie Davis.

JOHNSTOWN

Mrs. Lester Piper, 24, died March 8 and was buried last Sunday following a funeral service conducted by Rev. Mr. Harris. She leaves her husband and four children.

Liberty township last year recorded three deaths and fourteen births. Monroe township six deaths and 12 births. Johnstown village 12 deaths and 25 births, according to statistics furnished by the state registrar.

Oscar Foster, rural carrier on Route 1, has missed but one day in two years and has decided to enjoy a vacation. He left for Tennessee for a week's trip.

GRATIOT W. C. T. U.

The Gratiot W. C. T. U. held its March meeting the 5th inst. at Mrs. Minnie Campbell's. Mrs. Esther Smart opened with singing and Scripture reading. Mrs. Minnie Chapplear led in prayer. Interesting temperance selections were read by Mrs. Kreager, Mrs. Chapplear, Mrs. Hursey, Mrs. Minnie Campbell, Mrs. Mabel Hamilton, and Mrs. Josephine Hamilton, and discussions made on the same.

The April meeting is to be held at the home of Mrs. Ona Wartenly, Mr. Sterling. Mrs. Cora Lawver was appointed leader. The Union decided to hold a public meeting soon. Watch the papers for the date.

"OTTERBEIN HOME" WILL BE LECTURE AT U. B. CHURCH

The Otterbein Home will be the subject of a stereopticon lecture given at the Tenth Street United Brethren church Sunday night, March 12, illustrated by 71 different views of the home and farm. This home may be said to have been founded or begun when three Shaker missionaries from New Lebanon, N. Y., reached the present site on the afternoon of March 22, 1805. This became the first Shaker settlement in the middle west, and was named Union Village, which term expressed well the Shaker idea of communism and compactness of family life.

This farm, which has been purchased by the United Brethren church is located in Warren county, O., Turtle Creek township, twenty-five miles south of Dayton, thirty miles north of Cincinnati, five miles west of Lebanon, and ten miles southeast of Middletown, and contains 4,955 acres. This is divided into eight farms by public roads and division fences to make it convenient to handle. Seven hundred acres of wheat were harvested last year as well as 900 acres of corn.

Of the eight original Shaker settlements in the middle west, there are Shakers now in two. They were honest, industrious, and religious, being of the order of Millennialists. They believe that Christ appeared the second time in Am Lee of Manchester, England, as he did the first time in Jesus of Nazareth. They were given to marked religious demonstrations.

You will hear the history of this pious people and see on the screen many important buildings and persons connected with this great church home, the largest controlled by any church, used for the support of those who are in need. Every United Brethren in the country should see the illustrations of this home we can be justly proud of.

On last Sunday evening, a large and appreciative audience looked at the views and listened to a splendid lecture by the pastor on "Our Church in America." Some striking illustrations were given to show the enormous problem which now faces the churches of America. Also some things showed the progress that is being made in church work in some newly settled districts. You will be sorry if you miss the lecture next Sunday evening.

CATARRH GERMS EASILY KILLED

Only Way to Cure This Disease is to Destroy Its Cause

If you have catarrh and want to get rid of it you must kill the germs which cause catarrh. Stomach dosing, cathartics, sprays, creams, douches, etc., fail because they overlook this fact. They all help by giving temporary relief but they do not reach the germ life that has found lodgement in your head, nose, throat, and could not destroy it if they did.

The best known way of destroying the dangerous germs of Catarrh and consequently ending the disease itself, is to breathe into the air passages of your nose and throat the pleasant, penetrating air of Hyomei (pronounced High-o-mei). Hyomei is made from purest oil of Eucalyptus combined with other powerful, healing, antiseptic and germicidal ingredients. You breathe it through a little pocket inhaler which T. J. Evans and other leading druggists in Newark and vicinity are furnishing with every complete treatment sold. Every time you inhale the sweet, fragrant air of Hyomei through this little device you are drawing into your swollen, inflamed germ laden membranes a medicated air which will not only reduce all the swelling and inflammation and open your clogged nose and stopped-up air passages, but will absolutely and positively destroy every trace of Catarrh germ life it reaches. Druggists are so sure of the blessed, lasting relief that Hyomei brings to catarrh sufferers that they sell it invariably on the positive guarantee that money paid will be refunded if successful results are not secured from its use. Get a Hyomei outfit from your druggist today and begin at once to drive this dangerous and disgusting disease from your system forever.

UTICA

Forest Corbin, Berlin McDonald and Gordon Drury, Utica boys, found \$21 in gold and silver in the ashes of a bon fire near Utica, Tuesday. The location is said to have been the rendezvous of poker players last summer. The boys have already enjoyed the possession of so much wealth.

E. A. Davidson has purchased Mattingly's grocery, taking possession Monday.

Ten members of the senior class of Utica High school took the teachers' examination at Newark last week.

Three churches at Homer have joined in a union evangelistic service. Rev. H. C. Matland will preach and conduct the music which will be made a feature of the meetings.

CENTERBURG

Debating teams representing Centerburg, Gambier and Danville High schools will debate the question of preparedness in the three towns April 7.

Gilbert Briggs, 65 years old, died at his home in Hillier township, March 1. Burial last Saturday at Lock.

George L. Woodruff, 74, living near this place, died March 3 and was buried in the Centerburg cemetery, Sunday afternoon.

Mrs. John Jackson of Liberty township was stricken with paralysis and is in a serious condition. Her entire right side is affected.

Dr. S. R. Best former representative, is at the home of his brother recovering from an operation in a Columbus hospital.

Wigg—"I wonder why artists' models have such poor reputations?" Wagg—"I'm sure I don't know. They are seldom as bad as they are painted."

The tallest building in the world is the 51 story Woolworth building in New York.

WATCH SORE THROATS

because swollen glands or inflamed membranes often affect other tissues and lung trouble easily follows.

As Nature's corrector of throat troubles the pure cod liver oil in Scott's Emulsion is speedily converted into germ-resisting tissue; its tested glycerine is curative and healing, while this wholesome emulsion relieves the trouble and upbuilds the forces to resist tubercular germs and avert the weakening influence which usually follows.

If any member of your family has a tender throat, get a bottle of Scott's Emulsion today. Physicians prescribe it to avert throat troubles, overcome bronchial disorders and strengthen the lungs. No alcohol or harmful drugs. Always insist on Scott's.

Scott & Bowne, Bloomfield, N. J.

Fashions Forecast For Spring

Smartest New Spring Models

Women's and Misses'

HOW I AM HELPING 1 THOUSANDS OF WOMEN TO BE MORE ATTRACTIVE

To Show That You Can Surprisingly Improve Your Appearance, I WILL GIVE YOU a 50c BOX OF FACE POWDER and Lend You Awhile My Full Three-Part Course of Instruction on "HOW TO BECOME BEAUTIFUL, FASCINATING AND ATTRACTIVE," as explained below

FREE

(By Mlle. Simone Mareix.)

How often have you looked in the mirror and said to yourself: "I wish I knew just how to have a perfect complexion, a smooth, soft skin, an abundance of wavy hair, well arched eyebrows, long curly lashes and that fascinating presence which wins such admiration?"

Nature intended every woman to be as beautiful as she can make herself. But success depends in knowing just how to go about it in the right way—whether you have wrinkles, a shiny nose, a mottled, muddy complexion, freckles, blackheads, enlarged pores, sagging facial muscles, thin, scraggly hair, or any of the other defects which destroy all appearance of beauty and make you look not only unattractive but positively homely and old.

I should certainly never have been able to win two International Beauty Prizes unless I had known the Right Way, and it is this which I give you in detail in my "Three-Part Course of Instruction." You will find there the "Why" and the "What to do," and the "How" on every conceivable subject relating to the improvement of your appearance. I will tell you the real secrets which I employed on myself, and scores of other such valuable aids to beauty that many who had given up ever looking fresh and youthful again now say my Course has been worth hundreds of dollars to them. If you would like to read my Course and avail yourself of my free face powder offer—simply cut out and send me the coupon below. SEND NO MONEY—not even a postage stamp. Keep the Course for three days after you receive it and try the beauty secrets contained therein, and if at the end of that time you are convinced that it will wonderfully aid you in making yourself more beautiful, youthful, fascinating and attractive and you wish to retain it, send me \$1.00. Otherwise return the Course and you will owe me nothing. I WILL ALSO SEND YOU, ABSOLUTELY FREE, SIX PACKETS CONTAINING SIX DIFFERENT COLORS OF WONDERFUL SILK-MESHED FACE POWDER—three of Poudre Petalis and three of Poudre Fascination—so that you may select the one best suited to your skin and complexion. Then, if you decide to keep the Course you can let me know the kind and color you prefer and I will send you a regular 50 cent box free of cost. I will also tell you whether you want my Course or not from the short description given in this paper, but send for it and look it over at my expense, then decide. The information you will receive from reading it and the free six packets of powder which I send you with the Course will certainly far more than compensate you for your trouble in writing. Address Mlle. Simone Mareix, Dept. 124, 23 West 22d St., New York. Be sure to cut out and MAIL THE FREE FACE POWDER AND BEAUTY COUPON BELOW TODAY.

FREE FACE POWDER AND BEAUTY COUPON
SEND NO MONEY—merely cut out and mail this coupon with your full name and address to Mlle. Simone Mareix, 23 West Twenty-Second St., Dept. 124, New York.

NOTE—Both Poudre Fascination and Poudre Petalis are creations of Virgil of Paris, whose name is well known throughout France for his remarkable creations for preserving the beauty and youthful appearance of women, and for beautifying their skin and complexion. They are for sale by Evans' Cut Rate Drug Store, 19 S. 2d St.

Will "Other Girl" Stand By Orpet In Murder Trial? Ill Since Tragedy

Celestia Youker.

Will Celestia Youker, the Chicago girl to whom Will Orpet, the University of Wisconsin student, was engaged at the time of the death of his discarded sweetheart, Marian Lambert, stand by her fiancé during his trial for the murder of the Lambert girl? Miss Youker has been ill in bed ever since the tragedy, and during that time has permitted no one to see her.

BETTER SCHOOLS BETTER ROADS CRYING NEEDS

Editor of the Advocate.

There seems to be a disposition on the part of some people to misrepresent the object or the cause for a special school district in Newark township. It is not the intention to centralize the three schools at Cherry Valley. The Fulton and Star Hill school in the special district, if formed will remain as they are. There will be a representative on the school board from the Star Hill district and from the Fulton district as well as the Cherry Valley.

The last enumeration gave the Cherry Valley School District 142 children of school age, and 73 of this number are going to school at Cherry Valley. Our present building will only accommodate a little over one-half of the children in the district. The balance, 69 in number, and mostly under the eighth grade, are in the city schools, 22 of the 69. The Newark Township School Board are paying their tuition at a cost this year of \$350. It is safe to estimate that 50 out of these 69 children are in and under the eighth grade and at \$15.00 each per year, which is the price charged by the City School Board, would be \$750 coming out of the Cherry Valley School district in addition to our regular school taxes, or we are paying \$15,000 over and above our regular school taxes all on account of not having a building that will accommodate the children of the district. This condition has existed for several years and every year grows worse on account of the growth of the district. Our former school board has asked for two bond issues and both bond issues were defeated. The present Board not wishing to put the township to extra expense has taken their time to canvass the township and determine if possible, whether or not the voters of the township were willing to give the Cherry Valley District a school house sufficient to take care of the present and future needs. We were told if we asked for another bond issue it would be defeated and that they wanted us to go into a special district of our own.

The fact is that the Cherry Valley district at the present time is paying more than one-third of the entire costs of the schools in Newark township and if this special district is formed the Cherry Valley district would pay more than half of the expenses of the district. We are not complaining about the expenses but we are complaining about conditions. It is not a question of schools alone nor is it a question of how much money we are going to expend for schools but the question is, how much should we spend to make an efficient school and get the proper results for the money expended. Men of large affairs employ efficiency engineers and pay large sums of money to get efficiency out of their employees. It is just as important that we build a school house, that we have teachers in this school that have facilities to work with whereby they give something in return for the money expended to educate the children of the community.

It is highly important that the youth of this country realize the importance of doing efficient work getting the most out of the time expended during their school years. This cannot be done in a one room building. The day has passed for eight grades in one room. We are expected to accomplish more in a given time than we have in the past. Consequently the majority of the Newark Township School Board are contending for better schools and better school conditions and are insisting that we build in Cherry Valley a modern up-to-date building for service and efficiency, believing it to be cheaper and money well spent than to build a makeshift for a school house such as we now have. The growth of the tax duplicate in the special district will more than take care of the increased expenses as there are now in the Cherry Valley School District nine sections, or over three hundred acres laid out in lots and the Star Hill and Fulton Schools both have additions laid out and being laid out in lots. The lots are on the tax duplicate for twice what acreage would be on the duplicate for. With better school conditions people that have lots in these additions will build homes on them which will also increase the tax duplicate.

There is a great deal of talk about keeping the boy on the farm. One of the great reasons the people are moving to town is because the schools are not sufficient in the country and the men who own land are standing in their own light when they fail to take care of free public schools. A free public school that is not financed and given the proper attention with the proper buildings and the proper teachers is a disgrace to the idea of free public schools. Better schools and better highways are the crying needs of the rural districts today.

FRED C. EVANS,
President of Newark Township School Board.

WHY DO YOU SUFFER PAINFUL TWINGES?

Barkaches, Headaches, Lumbago and Rheumatic Pains Quickly Disappear Before New Remedy.

It is no longer necessary for any one to suffer with that headachy, all-run-down feeling that is often the result of kidney trouble.

It is no longer necessary for you to contend with disagreeable bladder and urinary disorders or be tortured with rheumatism, stiff or swollen joints or the heart-wrenching miseries that follow as a result of neglected or poorly working kidneys. Solvax quickly and surely relieves all such troubles.

Solvax is a wonderful discovery that has always been so uniformly successful that every package is sold under a positive guarantee to refund the money if it does not relieve the worst case of kidney disorder.

"Your money back if you want it," is the way T. J. Evans, the popular druggists, is selling this great kidney remedy. A guarantee like that speaks eloquently for the merit of Solvax.

Do not suffer another minute. Solvax will relieve you. If it doesn't, tell T. J. Evans that you want your money back and he will cheerfully refund it.

GOLDEN RULE IS BASIS OF ROTARY CREED

INCREASED EFFICIENCY, BET-
TER SERVICE TO FELLOW-
MAN AND HIGHER STAND-
ARDS.

Are Some of Things Mentioned in
Objects of Club Organized Wed-
nesday by Newark Men.

What is the Rotary Club?
That is the question which has
been asked scores of times since the
publication of the story, announcing
the organization of Rotarians in
Newark. The organization was ef-
fected Wednesday at a lunch given
at Hotel Warden attended by twenty-
four men.

A code of ethics for Rotarians
explains pretty clearly the objects
of the club, and after analyzing the
code it can be pretty well summed
up in the Golden Rule laid down
many years ago by the Nazarene.
A Rotarian considers his vocation
worthy and honorable. He strives
to improve himself, to increase his
efficiency enlarge his opportunity to
serve his fellow man, on the theory
that "he profits most who serves
best."

He realizes that he is a business
man, ambitious to succeed and re-
alizes that no success not founded
on highest justice and morality is
worth seeking.

He believes that any profit is
legitimate and ethical which is se-
cured in an exchange of goods, ser-
vice or ideas if all parties to the ex-
change are benefitted. He seeks to
elevate the standards of the vocation
which he follows.

It is a part of the creed of the
Rotarian that he should give perfect
service to those with whom he has
dealings and that such service
should be equal to or better than
that of his competitor and that in
case of doubt he should give "added
service even beyond the strict mea-
sure of his obligation."

The greatest asset of mankind is
his friends, and the Rotarian be-
lieves that any abuse of the confi-
dences of friends is foreign to the
spirit of Rotary, and that success
secured by taking unfair advantage
of certain opportunities of the social
order that are denied others is un-
ethical. A Rotarian is not obligated
more to a brother member than he
is to others.

The organization is made up of
one representative from each line
of business or profession in the com-
munity. The benefits claimed for it
are: "knowing men, wholesome
good fellowship, knowing other
men's problems, increased efficiency,
and business returns which come
from enlarging one's acquaint-
ances."

The meetings are held weekly,
either at lunch or dinner and mem-
bers must attend regularly to keep
their memberships. The local club,
like those in other cities, is affiliated
with the National organization.

FRENCH STEAMER LOUISIENE SUNK BY A SUBMARINE

(ASSOCIATED PRESS TELEGRAM)
Paris, March 10, 9:45 a. m. A
Havas despatch says that the French
line steamer Louisiène sank tonight
at eleven o'clock all the crew were
saved. No passengers were aboard.
It is presumed the vessel was sunk
by the same submarine that has been
operating along the coast between
Boulogne and Havre, which tor-
pedoed the Hermatrice.

The Louisiène had arrived from
New Orleans, which port she left on
Feb. 11, entering Newport News on
Feb. 17, and was owned by the Com-
pagnie Generale Trans-Atlantique.
She was of 5,190 tons gross, was 378
feet long and 47 feet beam. She had
for many years been engaged in
trans-Atlantic passenger service,
mostly to ports in the gulf of Mexico.
No further details of the loss of the
ship have been given out.

The allusion in the above despatch
to a submarine operating along the
English channel between Boulogne
and Havre is the first word that has
been received here regarding the
presence of a hostile craft on that
part of the French coast. Available
shipping records made no mention of
a vessel named Hermatrice.

RELATIONS WITH CHINA TO BECOME MORE INTIMATE

Dr. Wellington Koo, Chinese Min-
ister Addressed Masonic Gather-
ing in Washington, Last
Night.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 10.—Relations
between China and the United States
already friendly, will become more
and more intimate, in the opinion of
Dr. Wellington Koo, the Chinese
minister.

The minister so expressed in an
address before a Masonic gathering
here last night attended by many
members of congress, in which he re-
ferred with pride to the unbroken
record of amity between China and
the United States since the signing
of the first treaty between the two
countries 72 years ago. It was the
first public utterance of the minister
since he came to Washington.

Dr. Koo pointed out that the
Chinese people entertain the most
friendly sentiments for the United
States, and added:
"This friendship is not affected.
It is based on the conviction that the
people of the United States cherish
the same ideals as the Chinese,
charity, justice and humanity. Our
friendship for your country is ac-
counted for by your feeling that
China's conduct toward foreign na-
tions is regulated by the same prin-
ciples as obtain in the foreign inter-
course of the United States."

The Eskimos are very keen domi-
no players and sometimes bet heav-
ily, even putting up their wives and
losing them.

Women Once Invalids

Now in Good Health Through Use
of Lydia E. Pinkham's Vegetable
Compound. Say it is Household
Necessity. Doctor Called it a
Miracle.

All women ought to know the wonderful effects of
taking Lydia E. Pinkham's Vegetable Compound even on
those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suf-
fered a great deal from female weakness because
my work compelled me to stand all day. I took
Lydia E. Pinkham's Vegetable Compound for that
and was made stronger by its use. After I was
married I took the Compound again for a female
trouble and after three months I passed what the
doctor called a growth. He said it was a miracle
that it came away as one generally goes under
the knife to have them removed. I never want to
be without your Compound in the house."—Mrs.
FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across
my back and hips and was hardly able to move around the house.
My head would ache and I was dizzy and had no appetite. After
taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I
am feeling stronger than for years. I have a little boy eight months
old and am doing my work all alone. I would not be without your
remedies in the house as there are none like them."—Mrs. F. E.
Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped
me wonderfully. When I was a girl 18 years old I
was always sickly and delicate and suffered from
irregularities. Three doctors gave me up and said
I would go into consumption. I took Lydia E.
Pinkham's Vegetable Compound and with the third
bottle began to feel better. I soon became regular
and I got strong and shortly after I was married.
Now I have two nice stout healthy children and am
able to work hard every day."—Mrs. CLEMENTINA
DUBERNO, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medi-
cine Co., Lynn, Mass., for special advice.—It will be confidential.

Black and White Checked Skirts

minute in style.

New Spring Silk Dresses

\$10

A large variety of styles
in plain, striped or checked
taffeta and crepe de chine.
A big value at \$10.

TOOK FEES FROM MEN EMPLOYED, IS CHARGE MADE

(ASSOCIATED PRESS TELEGRAM)
Toledo, March 10.—Peter Stall-
man and Frank Madrzykowski, fore-
men employed at the Willys Over-
land Automobile plant here were ar-
rested last night by special agent
Charles E. Mayhugh of the state in-
dustrial commission on charges pre-
ferred by Fred G. Croxton, head of
the department of investigation of
the commission. Croxton charges
the men with accepting fees from
men they employed.

"The evidence leads us to believe
these men received from \$15 to \$20
for a job," declared Croxton. The of-
fense is a violation of factory rules
and state law.
"This practice has been extensive,"
said Croxton. "We believe these
men are the ringleaders."
Both men were discharged from
their positions last night.

CLAIM CONSPIRACY EXISTS.
(ASSOCIATED PRESS TELEGRAM)
Columbus, March 10.—Discovery
of an extensive conspiracy among
foremen in industrial plants to
charge workmen fees for jobs was
announced today by the employment
agency bureau of state industrial
commission. The announcement was
expected to create some surprise
among managers of companies em-
ploying large numbers of men. Fore-
men who do this are subject to pro-
secution for violating the state em-
ployment agency law, the penalty for
which is a fine of between \$50 and
\$100 for each offense.

Fred G. Croxton, head of the em-
ployment agency bureau, has been
making a secret investigation for
several months of the practices by
which working men were forced to
pay sums ranging from \$50 to \$25
to foremen or sub-foremen in indus-
trial plants before being given jobs.
Reports of this practice were received
from nearly a score of plants in
the large cities. In most cases, how-
ever, employees who were victims re-
fused to give further information
when they learned it might lead to
prosecution of the foremen who ex-
torted the fee. It was found diffi-
cult to gather definite evidence of
suspected law violation.

STUDENTS FORM A MACHINE GUN CREW IN ST. LOUIS

St. Louis, March 10.—What is
said to be the first machine gun com-
pany organized west of the Missis-
sippi river in connection with various
proposed plans to increase the scope
of the national guard came formally
into existence here today.
Twenty-seven students of Wash-
ington University volunteered in the
service.

The entire complement of fifty
men is expected to be recruited from
St. Louis High schools and Universi-
ty students.

FLOODS IN WASHINGTON.
Seattle, Wash., Mar. 10.—Heavy
rains in the lowlands and warm
winds in the mountains where the
snow is melting rapidly have caused
floods in all parts of Western Wash-
ington, completely tying up the three
trans-continental railroads in Wash-
ington.

END INDIGESTION OR STOMACH PAIN IN FIVE MINUTES

"PAPE'S DIAPEPSIN" MAKES
SICK SORE STOMACHS FEEL
FINE.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery. Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.

OPPORTUNITY FOR NEWARK TO BE ON A GREAT HIGHWAY

Newark has the greatest opportunity in its history to be on a great national highway extending from the Pacific ocean on the west to the Atlantic on the east, and a little work at this time will undoubtedly result in having the highway located through this city. The route proposed is the great Pike's Peak Ocean to Ocean Highway, which has been under consideration for some time, and the route of which as far east as Columbus has been selected. There is one link that has not as yet been completed and that is the one from Columbus to Pittsburgh. That east of Pittsburgh has also been selected and will follow the William Penn Highway. Newark has the great chance of her life to be put in touch with the East and the West by means of this highway and it is up to the citizens to bestir themselves and make an effort to secure it.

A meeting was to be held in Columbus today at 12:30 at the Southern Hotel to decide on the route to be taken from the city east, and at a meeting of the board of directors of the Board of Trade of Newark held Wednesday evening the matter was taken up and discussed and a number of the members present stated that they would attend the meeting in Columbus on Friday, and would endeavor to secure as many as possible of other Newark people, who would be interested, to accompany them and urged that Newark be "Put on the Map."

The following is explanatory of the movement:

The connecting link on the Pike's Peak Ocean to Ocean Highway from Columbus to Pittsburgh will be decided upon at a hearing to be held in Columbus, Ohio, on Friday, March 10.

Route of Highway.

The Pike's Peak Ocean to Ocean Highway extends from San Francisco on the west to Washington, Philadelphia and New York. The route passes through Sacramento, Salt Lake City, Colorado Springs, St. Joseph, Mo., to Indianapolis, and over the National Old Trails road from Indianapolis through Eaton, Dayton and Springfield to Columbus. The route from Pittsburgh east follows the William Penn Highway.

The route from Indianapolis to Columbus was laid out at a hearing held at Indianapolis, February 15, at which time it was decided to follow the National Old Trail road as far east as Columbus, there being no representatives present at the hearing from towns between Columbus and Pittsburgh. On Monday, February 28, at a meeting in Dayton, O., a temporary organization was affected, with representatives from the six counties west of Columbus. Each county has selected a vice president representing that county, and President C. F. Adams of the Pike's Peak Ocean to Ocean Highway Association has authorized these six vice presidents to sit as a court at the hearing in Columbus.

Notices have been sent to all of the principal towns along the National Old Trails road from Columbus to Pittsburgh as well as to Newark, Hanover, Coshocton, Newcomerstown, Cadiz, to the north of the National Old Trails road and to Lancaster and other cities to the south.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

CHINESE EMPEROR HONORS AMERICAN

John Watson Foster.

John Watson Foster, former secretary of state in the administration of President Harrison and father-in-law of Secretary of State Lansing, has just been honored by the Chinese emperor with the decoration of the Order of the Golden Grain for his services to the Chinese government. This order is the highest within the gift of the emperor. Mr. Foster served in that country in the U. S. diplomatic service and took part in the peace negotiations with Japan. He is eighty years old.

three different routes being under consideration at the present time.

Representatives are expected to be present at the hearing in Columbus from all these towns to present arguments as to why the road through their towns should be selected. Temporary officers of the state organization say that it is highly important that every town be represented by a good delegation in order that all the facts may be brought out.

The meeting is to take place at the Southern hotel at 12:30 o'clock Friday, the 10th. The temporary officers of the Ohio state organization are C. F. Brenner, temporary chairman, and E. W. Mentel, temporary secretary, both of Dayton, they having been elected at a meeting of the vice presidents immediately after their selection at the Dayton meeting, Feb. 28.

THIN FOLKS TURN FOOD INTO FLESH

Report Weight Increases of Ten To
Twenty-five Pounds When Sargol
Was Taken With Daily
Meals.

If you are thin, rundown and under normal weight and would like to put on from ten to twenty-five pounds of good healthy flesh you must make your meals do you more good than they are doing now.

Flesh, fat and muscular tissue must come from the food you eat but if your organs of assimilation are defective and you lack the power to turn food into flesh and fat much of the good of your meals must leave your body as waste.

If you are ten pounds or more underweight try eating a Sargol tablet with every meal and take another just before going to bed and try to see if this is true in your case. Weigh yourself before you begin and each ten days thereafter. Do this for sixty days and note the difference. Don't guess at results. Let the scales tell their story. Reported gains of from ten to twenty-five pounds and even more from this plan are by no means infrequent. Yet the action is perfectly natural and entirely harmless.

Sargol is a splendidly balanced combination of assimilative aids designed to increase the nourishment you obtain from your food and so to make your food develop healthy fat, flesh and muscular tissue between your skin and bones. Can be obtained from Evans Drug Co., W. A. Gorman, 33 N. 3rd street or leading druggists everywhere and each large package contains a guarantee of satisfaction or money back on sixty days use.

Feminine Financier.

Mrs. Kidder—Charles, can't you give me another check? I see you have a whole book full. Mr. Kidder—That doesn't signify, dear. I have used up my balance at the bank. Mrs. Kidder—Then why didn't you give up your check book? Now, it's no use for you to tell stories, Joseph Kidder. If you mean to say I shan't have any money, why don't you say so right out, like a man?—Boston Transcript.

Inconsistent.

"Oh, George," exclaimed the young wife. "It was nearly midnight before you got home last night!"

"Well, well," exclaimed the husband. "You women are so inconsistent. Before we were married you didn't care how late I got home."

More Than a Match For Him.

Tom—Somebody ought to warn Mrs. Prettface that that fellow Smirks, who's paying attention to her, is a miserable flirt. Jim—Hem! Better warn Smirks. Mrs. Prettface is a widow.

Luxury and Labor.

Alexander the Great, reflecting on his friends degenerating into sloth and luxury, told them that it was a most selfish thing to luxuriate and a most royal thing to labor.—Burrow.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

IF CROSS, FEBERISH OR BILIOUS
GIVE "CALIFORNIA SYRUP
OF FIGS."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see its tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

Down the Scale.

A Knoxville bride is very much in love with her husband and very willing to admit it. She likes to sound his praises to her mother and to her girl friends, which is quite as it should be. She has a number of original expressions. When her husband is good she says he is "chocolate cake three layers deep." When he is very good he is "chocolate cake four layers deep," and so on up the scale.

Occasionally, however, things take a turn. The bride's mother dropped in the other day. The bride was a trifle peevish, but her mother pretended not to notice this.

"And how is George today?" was her inquiry. "Chocolate cake four layers deep?"

"No."
"Three layers deep?"
"No."
"Two layers deep?"
"No." This with a pout.
"Then what is he?"
"Dog biscuit!"—Pittsburgh Post.

Heard the Same Sound Twice.

In the New York Telephone Review is a striking illustration of the speed with which sound travels over telephone wires as compared with the speed with which it travels through the atmosphere. The manager of a large manufacturing plant in Paterson, N. J., was standing at the telephone in his residence, which is about two miles from his factory, speaking with the superintendent of the works when the whistle of the factory blew for 1 o'clock. The sound came to him very distinctly over the wire, lasting about five seconds, then ceased, and a few seconds later the same sound of the whistle blowing came to him through an open window near which he was standing, this time coming via the slower route—the sound waves of the atmosphere. He thus actually heard the same sound twice.

To Annoy Napoleon.

A curious anecdote is illustrative of the disposition of Talleyrand. It was resolved that each of the allied powers should designate a commissioner charged with the surveillance of Napoleon at St. Helena. Talleyrand proposed to the king for this office M. de Montcheu, described as "an insupportable babler, a complete nonentity." On being asked why he had selected this man Talleyrand replied: "It is the only revenge which I wish to take for his treatment of me. However, it is terrible. What a punishment for a man of Bonaparte's stamp to be obliged to live with an ignorant and pedantic chatterer! I know him. He will not be able to support this annoyance. It will make him ill, and he will die of it by slow degrees."

People Who Do Not Whistle.

Arabia must be a heaven for those whose lives are made a burden to them by the whistler. The Arab maintains that a whistler's mouth cannot be purified for forty days and nights, and they assert of the whistler that Satan has touched his body and caused him to produce the offensive sound. Then there are the natives of the Tonga islands, Polynesia, who hold that it is a sin to whistle, as it is an act disrespectful to God. Even in some districts in north Germany villagers declare that if one whistles in the evening it makes the angels weep.

CLEVELAND MAN TO BE A. B. C. HEAD

WILLIAM AGNEW MAY BE ELECTED PRESIDENT OF BOWLING CONGRESS.

New Leaders in Doubles and Singles—Brunnett of Cleveland Leads Singles With Score of 600.

(ASSOCIATED PRESS TELEGRAM) Toledo, March 10.—Bowling officials gathered here this afternoon for the annual election of officers of the American Bowling Congress. Advance information on the meeting indicated that the delegates were expecting drastic changes in the constitution to be offered for adoption and some friction was anticipated.

The huge size of the entry list this year is also expected to result in a sweeping change in the manner of scaling the prizes which amount to \$33,000 this year. The official election is expected to result in William Agnew of Cleveland who has been vice president for years gaining the leadership succeeding Edward J. Ryan, of Detroit, who has held the office two years.

Grand Rapids is expected to land the next tournament with Buffalo bidding for the following year.

New leaders appeared in the doubles and singles yesterday. Spickett and Kavanaugh of Detroit showing 1163 in the former event and P. Brunnett of Cleveland showing 600 in the individual contest.

Bowling started at 8 a. m. today with star men from Grand Rapids, Buffalo, Milwaukee and Chicago in action. High totals were expected from almost any of the numerous squads which will roll continuously until past midnight. The standing

DENISON MEN ON THE ALL-OHIO TEAM IN TOLEDO

Toledo, March 10.—Buckeye Paints closed the basketball season here last night by losing to the All-Ohio conference five, composed of Wesleyan and Denison players, by the score of 39 to 33. Bonner starred for the visitors. Lineup:

Buckeye Paints: All-Ohio
Fox, rf. Littick, rf. (Wes)
Hackett, lf. Bonner, lf. (Wes)
Teepie, c. Thiele, c. (Wes)
Walton, rg. Smith, rg. (Wes)
Marshall, lg. Reese, lg. (Wes)
Field goals—Fox 5, Hackett, Teepie, 2; Littick 4; Bonner 6; Thiele 3; Reese 2. Foul goals—Fox 5 out of 7; Littick 5 out of 7; Reese—Mr. Wright.

New Amateur B. B. Federation Holds Convention

(ASSOCIATED PRESS TELEGRAM) Cincinnati, March 10.—Delegates representing about thirty cities were present when the first annual convention of the national baseball federation opened here today for a two-days session.

The federation was formed in Louisville, Ky., on Feb. 12 last, following a rupture in relations of delegates attending a meeting of the national amateur baseball association of America.

The chief business to be transacted by the federation here will be the drawing up and adoption of a constitution and by-laws, officers already having been chosen at the meeting in Louisville.

The committee appointed by President Townes, of Cleveland Ohio to draw up the constitution and by-laws is composed of the following:
R. H. Abeken, St. Louis; Paul R. Furman, Des Moines; W. B. Rickford, Chicago; Thomas Nokes, Cincinnati, Pa.; and C. E. Martin, Cincinnati.

Tie For Lead In Billiard Contest For Championship

(ASSOCIATED PRESS TELEGRAM) Chicago, March 10.—George Clark of Brooklyn and Ed Blakeney of Detroit are tied today for first place in the national championship pocket billiard tournament here. Both Mike Petrie, of Chicago and Ralph Greenleaf of Monmouth, Ill., who had been tied with Clark and Blakeney met defeats yesterday. Four games are scheduled to be played today.

TIGERS HAVE GOOD CHANCE OF WINNING AMERICAN LEAGUE FLAG

Left to right: Oscar Stanage (top), Jean Dubuc, Sam Crawford and George Dauss.

It looks as if the Detroit Tigers have an excellent chance of winning the flag in the American league this year. In sheer driving power Detroit has one of the greatest combinations ever known in baseball. Among the men Jennings counts on to help him win the pennant, besides Ty Cobb, are Oscar Stanage, Jean Dubuc, Sam Crawford and George Dauss.

GARDNER WINS FIFTH GAME IN BILLIARD MEET

New York, March 10.—Edward W. Gardner won his fifth game in the national billiard championship tournament here tonight when he defeated Francis S. Appleby 4-0 to 3-2. Gardner's best run was 80, which is within one point of the highest run of the tournament made by Charles Heddon.

FIFTY ENTRIES IN TOURNAMENT OF WRESTLERS

Pittsburgh, March 10.—Preliminary of the middle Atlantic Association on wrestling championships will be held here tonight. There are nearly fifty entries. The final events will take place tomorrow night.

STATE TRACK MEN OFF FOR EVANSTON MEET

Columbus, March 10.—Ohio State track team en route to Evanston, Ill., today for its first dual meet with Northwestern University tonight. Five of the Buckeye stars were attracted with the "sniffles" and the grip. Day, a veteran quarter-mile and Phillips, cross country captain last year are counted on to win points in the middle distance 1,200.

Aberg Agrees to Meet Joe Stecher In Wrestling Bout

Duluth, Minn., March 10.—Alexander Aberg yesterday accepted a guarantee of \$15,000 to wrestle Joe Stecher of Dodge Neb. in Omaha or Chicago any time after May 1. Aberg recently won the New York wrestling tournament.

FIVE BIG STAKES FOR GRAND RAPIDS MEET HAVE BEEN ANNOUNCED

Grand Rapids, Mich., March 10.—Five early closing events, which will total \$13,500 in value are announced for the Grand Circuit meet which will be given here Aug. 7 to 11. They are:

Furniture Manufacturers' stake, 2 1/2 hr. trot, three heats, \$5,000.

Grand Rapids Railway stake for trotters that have never won \$2000 gross nor have a time race faster than 2 1/4, three heats, \$3,000.

The Comstock, for pacers eligible to the 2:07 class, three heats, \$2,000.

The Northrop sweepstakes for all 2-year-old trotters, two heats, added money, \$500.

The three-heat plan is to prevail in all of the early closing events except the Northrop sweepstakes, which will be raced in two heats.

GEORGE WILSE WILL MANAGE ALBANY CLUB
Albany, N. Y., March 10.—George Wilse, formerly with the New York National League club, yesterday signed a contract to manage the Albany club of the New York State League for the coming season. Dr. F. N. Tate, the new owner announced last night that Wilse had accepted the position.

Wrestling Starts Promptly Tonight at 8 o'clock; Both Principals In Splendid Shape

Don't complain, friend, husband is your breakfast is a little late Saturday morning at the street car men are not on the job yet. It the show of choice is not open until about 8 o'clock. There's a reason. Tonight is the night that Paul Bowser, the local pugilist makes his second bid for fame when he meets the formidable Joe Turner of Washington D. C. champion and New York wrestler of the world.

Bowser and Turner will meet in a no-holds-bar at the Auditorium and the condition of both principals indicates that the bout will be the longest in the history of the name here.

From a crowd of about three hundred members of the local wrestling association and from the advance sale of tickets it is a certainty that every man interested in the sport will be there. The crowd at the previous Bowser-Turner match was a record breaker but tonight's crowd will easily surpass it. The boxes have all been sold out for box parties and all throughout the night tickets have been taken up to the limit.

There is one but that the wife of the fighter will not be able to get second-hand at the breakfast table, while

WOMEN TO GET FIRST GLIMPSE OF THESE YOUNGSTERS TONIGHT IN WRESTLING TOGS

Kenneth and Willard Teuscher are said to be the best pair of boy wrestlers in Ohio. They open the program at tonight's wrestling match at the Auditorium when Joe Turner and Paul Bowser meet in a Championship match.

GIRLS TO SKATE FOR OHIO TITLE AND CHICAGO TRIP

Columbus, O., March 10.—Miss Kate Desmond of Huntington, W. Va., and Miss Hilda Bisping of Cincinnati will start tonight at a local rink a series of three roller skating races for the Ohio championship. The winner will represent Ohio in the International Tournament to be held at Chicago next month.

Women are charged to patrol the army camps in England.

Springfield People Advise Best Way To Treat Colds

An "External" Treatment for Croup and Cold Troubles That Replaces Internal Dosing, Vapor Lamps and Flannel Jackets. You Can Let the Children Run Outdoors in all Weathers.

Comes in Salve Form—Relieves by Inhalation and Absorption—Can be Used Freely on "Baby" with Perfect Safety.

USUALLY THE WORST COLDS GO OVER NIGHT—CROUP IN FIFTEEN MINUTES.

A few winters ago when Vick's Vap-O-Rub was being introduced in Ohio from the South, the local druggists presented complimentary jars of a few of their customers, requesting that they give this preparation thorough trial, and report the results. Below we give reports from Springfield, Ohio.

Mrs. Martha Taylor, 1220 Clifton Avenue, writes:—"I think your Vick's Vap-O-Rub Salve is just fine. It is the best thing I have ever used for colds with children."

G. T. Wilcox, 29 W. Mulberry St., reports:—"I have used your Vick's Vap-O-Rub Salve to break up a cold, and find it will do all you recommend it to do."

James Forsyth, 2478 Hilltop Avenue:—"Your preparation has been used by members of our family for colds,

rheumatism and earache, and has proved faithful in all cases. It is worth its weight in gold, and I heartily recommend it to everyone."

Howard Roberts, 520 N. State Street:—"At the time we received your first jar of Vick's Vap-O-Rub, my wife and I had severe colds, but the second night after using I found us much better, and before the jar was half gone we were entirely well, and now I would not be without it in the house."

Vick's Vap-O-Rub comes in salve form, and for sore throat, la grippe, bronchitis, or deep chest colds, is applied over the throat and chest, and covered with a warm flannel cloth. The body heat releases the ingredients in the form of vapors that are inhaled, with each breath, all night long, opening the air passages and loosening the phlegm. For head colds, catarrh or asthmatic troubles, a little can be melted in a spoon and the vapors inhaled. For croup, just rub a little Vick's over the chest, the breathing is usually made easier within fifteen minutes. Three sizes, 25c, 50c or \$1.00.

Personal

Mrs. L. W. Perry of Granville, was the guest of friends in Newark on Thursday.

Mrs. Frank Offenberger of Toledo was a visitor in Newark on Thursday.

James Duerr of Alexandria is spending the day in Newark.

Mrs. Charles Volgamont, nee Kathryn Core, and son Billy of Columbus and Mrs. Louise Core of Columbus, are visiting at the home of Mr. and Mrs. Joseph Robe in Woods avenue.

Mr. and Mrs. Wayne Day have returned home after a short wedding trip to Cleveland, O. They will be at home after April 20, in Tenth street.

Mrs. Mira Hall of Buffalo, N. Y., has been called here by the critical illness of her father, Mr. Frederick Rannenberg of Pataskala street.

Mrs. C. R. Edgington, wife of Rev. C. R. Edgington, pastor of the First St. Paul church at Helena, Mont., who has been the guest of her mother, Mrs. Ida M. Rouse and sister, Mrs. W. E. Shrontz of 29 West Church street, has returned to her home.

Miss Florence Stone spent Wednesday and Thursday in Columbus.

Mrs. Arla McCounghey of the Arcade Bonnet Shop is ill at her home in Eleventh street suffering with the grip.

ZANESVILLE AUTO BASEBALL TEAM DEFEATS NEWARK

Eddie Couch's "Newark Champs" after winning thirteen straight games on their home grounds, in the bat ball league, journeyed to Zanesville last night and met their "Waterloo" at the hands of the Zanesville All-Stars. The score was 4-0 to 2-9.

The Champs lined up as follows: Bert Brown, Eddie Couch, Armataff, "Brownie" Allen, Doc Russell, and "Happy" Lippincott, in the role of pinch hitter. Manager Couch replaced Allen with "Happy" Lippincott along about the third inning of the second game, but the pinch hit wonder was not equal to the task of swinging the decision.

Manager Couch like all managers has a string of alibi for the defeat among which as some of the following: "Faster pitching machine, grounds too small, strange town, buck fever, poor bats and a haunting fear of the pitcher's speed."

The Zanesville team entertained the local team in a royal manner and its a safe bet that when they come to Newark on next Thursday night to meet the Champs, the local crew will reciprocate for the treatment accorded them last night.

Bargains in the Want tonight.

BE PREPARED TO FIGHT

Nature is always fighting to keep us well. Under normal conditions the forces of health within our bodies keep the disease germs in subjection. They are not expelled entirely but they are kept harmless.

Some indiscretion in diet and the digestion is upset; overwork or worry perhaps disturbs the nervous system, the blood gets thin and the ever-present disease germs assert themselves. The blood fights the body's battles. Whenever a wound is received, whenever there is congestion or inflammation, to that point the blood quickly carries the elements needed for repair—if it has them. But when the blood is thin and watery it lacks these elements itself.

Dr. Williams' Pink Pills are a tonic that supplies the blood with the elements needed to build up the tissues, to repair waste, to revitalize nerves, to stimulate digestive action, to burn up the poisons in the blood. In this way, by building up the blood, they are useful in rheumatism, neuralgia, sciatica, lumbago, neurasthenia, nervousness, "Vitus" dance, and in anemia. "Building Up the Blood" tells all about the treatment. Send for copy today to the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own health depends on it.

Society

Miss Olive Howard will entertain the members of the Phi Beta Chi sorority with a pretty evening party on Saturday, honoring her guest, Miss Lois Barnett of Zanesville.

Mrs. E. O. Keller was hostess to the Sunshine club, Thursday afternoon at her home in Ninth street. The time was spent in needle work and a contest in which Mrs. Morgan Devore was the successful contestant. Delicious refreshments were served the members and guest, Mrs. Perry Armentrout.

The next meeting will be held March 23 at the home of Mrs. Martin Luther in Maholm street.

Mrs. Frank Holler entertained the Unity Sewing club at her home Wednesday afternoon. The afternoon was spent in sewing, after which a three course lunch was served to the following members: Mesdames Ed Jones, Howard Butcher, William Owens, Jr., C. E. Jamison, John Brooks, Charles Jones, Frank Jones, David Davis, E. J. Jones, Cary Jones, Marion Brooks, Titus Hankinson, Hayes Hankinson, Arthur Griffith.

The next meeting will be at the home of Mrs. Titus Hankinson, March 22.

The guests of the club were Mrs. George Warten and daughter, Catherine, of Granville, Mrs. Clyde Foster of North street.

Mrs. Earl Hildreth entertained the members of her sewing club on Thursday afternoon at the home of her mother, Mrs. Jerry Hanks in North Williams street. The hours were devoted to the club work and a dainty luncheon of two courses was served. In the ice cream, tiny arrows were found on which were written the names of Miss Ruth V. Hanks and Mr. John M. Conn, with the announcement that the wedding would take place in April, but the date was not announced.

The bride to be is the daughter of Mr. and Mrs. Jerry Hanks, and is a charming young woman of delightful personality. She has been employed in the business office of the American-Tribune. Mr. Conn is the son of Mr. and Mrs. J. B. Conn of west of the city and is associated with his father in the greenhouse business.

The only guests of the club were Misses Edna Alward and Gertrude Keyes.

The Spring Beauty club met at the home of Mrs. August Schaller in Maholm street, Wednesday afternoon. The afternoon was spent in sewing and music. Late in the afternoon a delicious luncheon was served the following: Mrs. F. M. Swartz, Mrs. Eunice Heime, Mrs. Charles Haffner, Mrs. August Schaller. The guests were Mrs. Ed Ingram, Mrs. L. Mowrs, Mrs. Bender and Mrs. T. Mathue.

The next meeting will be held at the home of Mrs. Charles Haffner, 184 West Locust street.

The Delta Zeta class met at the home of Miss Pearl Pinkerton in West Main street on Monday evening. The evening was spent with music and games. At a late hour a three course luncheon was served the following: Misses Clara Bragg, Doris Handle, Mary Rosel, Nettie Camel, Mabel Stevenson, Pearl Pinkerton and Bernice Heaton. The guests of the club were Misses Amanda Mowes, Mable Wells and Gladys Smith.

The next meeting will be held March 20.

Mr. and Mrs. J. B. Weil entertained with a bowling party on Wednesday evening, honoring their guest, Miss Mable Runkle, who has been their guest for the past six weeks. The time was delightfully spent in bowling and a midnight buffet luncheon was served at the Weil home in East Church street. Miss Runkle returned to her home in Cincinnati on Thursday.

The members of the Elite Crochet club spent a delightful afternoon at the home of Mrs. Richard Ingram in North Cedar street on Thursday. The hours were devoted to music

Spring Fever?

This is the time of year to look out for trouble! We feel weak—our blood seems hot—no appetite. It's time to clean house! This is when the blood is clogged and we suffer from what is commonly called a cold.

Doctor Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

The bad blood is driven out! It will furnish you with rich, pure blood full of vital force—the kind that increases energy and ambition, that rejuvenates the entire body.

What Our Neighbors Say?

Dayton, Ohio.—"I have used 'Golden Medical Discovery' for a spring tonic and found it just as represented. It proved a blood purifier and I was well satisfied and was glad I used it. It is a fine medicine and I am glad to recommend it."—Mrs. MARY SCHUMACKER, 431 Oak Street, Dayton, Ohio.

Dr. Pierce's Pleasant Pellets. Small, easy to take. One tiny, Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks and Derangements of the Liver, Stomach and Bowels.

and crocheting and a dainty luncheon was served the members and following guests: Mrs. Jack Nutter, Mrs. Earl Woodard, Mrs. Orville Geiger, Mrs. Ragon Cook. The next meeting will be held at the home of Mrs. Wendelken on March 23.

FREDONIA

Mrs. Lester Spidell of Johnstown is visiting her mother Mrs. Milton Eager.

Mrs. Plasters of Indiana is visiting her son Ralph Plasters and family. Mr. and Mrs. Foster McFadden and Mr. and Paul Griffith attended the funeral of their father, J. A. Solinger, at Newark Tuesday.

Mrs. Joe Simcoe and children of Homer spent Wednesday with her parents Mr. and Mrs. Alvine Bishop.

Mrs. Clem Bowers spent Thursday with her son Harry Bowers and family at High Water.

Mrs. Wm. Heald and Miss Maude Cramer spent Saturday in Newark.

Mr. and Mrs. Fred Bowers of Alexandria spent Sunday with his parents Mr. and Mrs. Clem Brown.

Mr. Wm. Heald is moving his family to Newark.

Miss Cramer of Black Hand is visiting her sister Mrs. Clarence Chilcott.

SUFFRAGE PROBLEM WILL BE SETTLED BY DEBATE TONIGHT

The eight annual debate of the Central Ohio debating league will be held tonight in the High School Auditorium, when the Zanesville High team meets the Newark High team. The subject for debate will be, "Woman Suffrage," with the local team taking the negative side of the debate, will begin promptly at 8 o'clock with Hon. William E. Miller, president of the board of education, presiding. The judges will be Prof. R. B. Allen of Kenyon college, Prof. Clyde O. Ruggles of Ohio State and Prof. Charles Perkins of Ohio State.

The Newark High affirmative team will journey to Mt. Vernon tonight where they will meet the Mt. Vernon High negative team on the same question. Mt. Vernon's High affirmative team will go to Zanesville and debate with Zanesville High's negative team.

About four hundred pupils of Newark High paraded around the streets at noon today and then went to the Baltimore & Ohio railroad depot to meet the debating team from Zanesville.

Milady's Boudoir

After a woman is forty years of age there is a tendency to accumulate fat about the hips and abdomen. The reason is, that on account of the forces the muscles in this part of the body suffer from disuse. By proper exercise and a regulated diet this tendency to obesity can be overcome. When a man or a woman begins to age, abstinence from alcoholic liquors and systematic exercise will do much to remedy an increase of flesh due to this cause.

An excellent exercise for reducing the hips is to clasp the hands above the head and in this position swing from side to side from the waist up. The feet should be stationary and placed firmly together on the floor. You will feel a pulling at the hip muscles, but remember in all exercises, the muscles must be tensed.

There are a few in which the muscles are relaxed, and one should be reasonably sure that the muscles should be tensed, as in the great majority of exercises.

If you wish to see how near you are to the ideal proportions, you have but to divide your height into inches and multiply them by the figures one and one-eighth or two and a half pounds. Any weight above two and a half pounds to the inch in stature is excessive. Anything over two and a half pounds to the inch of your height add nothing to your physical or mental health, and is often the beginning of dreaded obesity.

Our Boys and Girls

Babies should go barefooted until they begin to walk, and should walk barefooted as much as possible, of course, under suitable conditions. Sandals are always better than shoes, and shoes should always be laced, never buttoned. The toe-out walk is bad because it puts the weight on the heel, and tends to produce bad postures and flatfoot, so baby should be taught to walk straight footed.

Some deformities of the feet exist from birth, others are due to infantile paralysis, high heels, improper shoes, and inherited weakness. The most common is flatfoot. It is the duty of every mother to give her afflicted child the benefit of a physician's advice and in some measure remove the handicap, which deformed feet always are.

Everyday Etiquette

"Just what should I say when introducing a man to a woman?" inquired Mabel.

"Introduce the man to the woman. Simply say: 'Miss Brown, may I present Mr. Smith,'" said her sister.

SPECIAL PENSION FOR NEWARK MAN.

[Special to The Advocate] Washington, March 10.—The house of representatives has just passed two special pension bills for Congressman Ashbrook to wit: Mell-chior Weller, Newark, \$50 per month and John Irvin of Mansfield, \$10 per month. Both are still war veterans.

JOHN J. CARROLL'S

SPECIAL ADVANTAGES OF EX-ROLLMENT IN SHERWOOD MUSIC SCHOOL OF CHICAGO.

Founded by America's Great Pianist, William H. Sherwood. The new plan of study mapped out by the school insures a thorough musical education at half the usual cost in half the usual time. This course was arranged by Leopold Godowski, who was appointed Royal Professor and Head of the Music School at Vienna, Emil Sauer, also of Vienna, also two noted American composers, Dr. W. S. B. Matthews and Frederic Lillibridge. When your son or daughter takes up the work in the Sherwood Music School, they will be following the teaching principles of the most noted teachers in the world. This plan must not be confounded with correspondence instruction in any sense of the word. The printed text must all be studied with the aid of a personal teacher, a member of the faculty living in your nearest town. We have a flourishing branch of the Chicago school in Newark. Do you want a Piano Conservatory course? We solicit your careful investigation of this course. Register now.

Mrs. Bertha M. Roy, Director
Mrs. Marjorie Coulter Cochran, Associate Teacher.
Mrs. Alice Cannott, Secretary.

Attended Musical Comedy.
Among those from this city in at-
tendance at the musical comedy,
"Watch Your Step," at the Hartman

Y. W. C. A. Lecture.
The third in the series of lectures
on hygiene will be given Saturday
evening at 7.15 by Miss Katherine
Childs. Subject "Dietetics"; place,
Y. W. C. A. All girls and women are
invited.

One Lone Drunk.
There was a light police court this
morning. One lone prisoner answer-
ing to Mayor Bigbee's roll call. He
had imbibed a little more than his
constitution could stand and as a re-
sult fell a victim to one of the city's
watchful patrolmen. He was fined
\$5 and the costs.

Operates Notion Store.
J. F. Ryan, former manager of the
Union Market Co. in South Park
Place has opened a notion store in
East Newark, handling clean toba-
co, notions, novelties and toys. He
is meeting with much success in his
new location.

Eggs Plentiful.
The recent cold snap has not af-
fected the price of eggs as they are
still bringing the same price, 23 to
25 cents. Eggs are said to be plen-
tiful and dealers predict that they
will soon drop to 20 cents.

Explained.
"Heigho," sighed Mrs. Stoutly. "You
used to sit once upon a time with your
arm around my waist, John, but you
never do it any more."
"I'm sorry, dear," replied Stoutly.
"but there are some things that are be-
yond my reach."—Harpers.

Restful.
Laura—Alice Hitter is such a rest-
ful friend (Charles)—Restful? She
talks all the time Laura—That's it. I
never have to think about what to say
when I'm with her.

theater last night were Mr. and Mrs.
Carl Swisher, Mr. A. R. Lindorf,
Chas. O. C. Lindrooth, A. E. Willert,
Mrs. E. E. McCamie and sister, Miss
Margaret Hayes. Mrs. Vernon Cas-
tle, Frank Timney and Bernard Gran-
ville were featured. There are over
100 in the company and it made a
big hit.

Pears' Epidemic.
A large number of cases of small-
pox have been reported at Toledo,
and fears of an epidemic are enter-
tained by the health officer. The
cases are beginning to centralize in
the cheap lodging houses. City phy-
sicians have been instructed to make
daily inspection of such places.

Bowling Green Church.
Sunday school at Bowling Green
Sunday, March 12 at 2 o'clock p. m.
Preaching and communion services
at 3 o'clock p. m. Everybody made
welcome. D. J. Smith, pastor.

Patient Improving.
Miss Martin of Westerville, who has
been the guest of her sister, Mrs.
E. V. Bowers of English street and
who was taken ill while visiting
here is now recovering after an op-
eration for appendicitis at the City
Hospital.

Ankle Was Injured.
E. W. Eavison, of 96 North Ninth
street, was injured while working at
the B. & O. shops on Thursday. A
heavy piece of iron fell on his right
ankle crushing it. He was removed
to the Newark Sanitarium, where
Dr. J. G. Shirer attended him.

Wall Paper Burned.
An alarm from Box 23 early this
morning called the fire trucks from
Central station to the office of Dr.
V. N. Reynolds in the Elk property
on East Main street. The blaze
which was only a small one
originated from wall paper cover-
ing a chimney hole, igniting. The
fire was extinguished before the de-
partment arrived.

Birth Announcement.
Dr. and Mrs. W. H. Morgan of
Columbus, announce the birth of a
son at Mt. Carmel Hospital, March
9. Mrs. Morgan was formerly Anna
Richards, Granville Road, this city.
The baby has been named Richard
Howell.

Municipal Government.
Rev. Grover Diehl, pastor of Ply-
mouth Congregational church, who
was much interested in what Mr.
Switzer of Dayton, had to say about
municipal government before the
Trinity Men's Club this week, will
reply to Mr. Switzer's argument next
Sunday night at Plymouth church.
Mr. Diehl is an ardent advocate of
the federal plan of city government.

To Honor New Manager.
The Ohio Light and Power com-
pany will entertain with a banquet at
the Hotel Warden on Saturday eve-
ning, honoring the new manager of
the local holdings of the company,
Mr. Frank Espey.

Called Here by Father's Death.
Mrs. Thomas Watson of Bucyrus
has been called here by the death of
her father, Mrs. Elias Shimmel.

Mr. Rannenberg Very Ill.
Mr. Frederick Rannenberg is seri-
ously ill at his home in Pataskala
street, suffering from a complication
of diseases.

Y. W. C. A. Lecture.
The third in the series of lectures
on hygiene will be given Saturday
evening at 7.15 by Miss Katherine
Childs. Subject "Dietetics"; place,
Y. W. C. A. All girls and women are
invited.

One Lone Drunk.

MARKET CASE DISMISSED IN COURT TODAY

**COURT OF APPEALS ACTS AFTER
PLAINTIFFS REQUEST
DISMISSAL.**

**Judgement of Lower Court Is Af-
firmed—News Found in the
Various County Offices.**

In the court of appeals in the case
of George Weisant et al., vs the
Peoples' Market Co., et al., the
plaintiffs dismissed the appeal taken
from the judgment of the court of
common pleas. The suit was brought
in the common pleas court for an ac-
counting between George Weisant
and others, as plaintiffs, and the
members of the old Market com-
pany, as well as the New Market
company, and to restrain the New
company from closing the Old Mar-
ket. The common pleas court found
in favor of the New Market com-
pany, and upon motion, in Decem-
ber, before the court of appeals,
that court sustained the New Mar-
ket company, and permitted them to
close the old market house. By the
dismissal of the case this day in the
court of appeals, the judgment of the
court of common pleas, in favor of
the New Market company is af-
firmed. Martin & Martin and
Fitzgibbon & Montgomery represent-
ed the plaintiffs; A. S. Mitchell,
Kibler & Kibler and Flory & Flory
represented the New Market com-
pany.

Justice Scott's Court.
Wm. J. Helfrich has subscribed to
an affidavit in the justice court of
Pletcher S. Scott charging H. C. Lu-
cas with carrying away three of his
young pigs valued at \$12. The par-
ties reside at Union Station. No date
has yet been set for the preliminary
hearing.

Inspecting Road.
Commissioners Jos. H. Orr, Frank
R. Dumm and Orville Kiger inspec-
ted the Rector road in Mary Ann
township this morning. Residents
along same having petitioned for
"come changes and improvements.
Commissioner Kiger returned to
Newark in time to join the local con-
tingent to the Pike's Peak Ocean to
Ocean Highway meeting at Columbus
this afternoon.

Complete Repairs.
The decorators and laborers at the
court house have completed the re-
pairs which have been in progress at
the court house for the past couple
of weeks. Today the judge's bench,
jurors box and spectators seats were
installed, after having been moved
out to make room for scaffolding.
The carpets were taken up and re-
novated and everything is in ship
shape order for the convening of
court next Monday morning.

Divorce Petition.
Vera Maxwell has filed a petition
in common pleas court against Carl
Maxwell. The parties were married
April 8, 1911. The petition alleges
that the defendant has been guilty of
extreme cruelty, and that on Decem-
ber 16, 1915, he assaulted and chok-
ed the plaintiff and that night at
8:30 o'clock drove her from her
home out into the rain and sleet,
leaving her without care and protec-
tion; that he has frequently told in
the presence of others that he want-
ed her to get a divorce as he would
not live with her any longer. She
asks for a divorce and alimony and
all other relief to which she may be
entitled.

HOMER

Union services began in the M.
E. church last Monday evening. An
evangelist will be here on the 12th
to help in the services. Let every
one come and help in this revival.

Cottage prayer meetings will be
held in the following homes on
Tuesday until Friday afternoon:
Miss Rannie Dickey, Tuesday after-
noon, leader Mrs. Akers; Mrs. Day,
Wednesday afternoon, leader, Mrs.
Faye Patton; Mrs. Mary Bell,
Thursday afternoon, leader, Mrs.
Molly Whissen; Mrs. Williams, Fri-
day afternoon, leader, Miss Jessie
Smythe. (Second Division) Mrs.
Morsehouse, Tuesday afternoon, lead-
er, Mrs. Wahrenberger; Mrs. Barnes,
Wednesday afternoon, leader, Mrs.
Morsehouse; Mrs. Emsweller, Thurs-
day afternoon, leader Mrs. Coleman;
Mrs. Snare, Friday afternoon, lead-
er, Mrs. Akers.

Miss Goldie Mason called on Mrs.
Emma Edman one afternoon last
week.

Messrs. Charles Edman and Will
Bebout were in Utica Saturday af-
ternoon.

A shower was given in honor of
Mr. and Mrs. Ralph Bell at the for-
mer's grandmother, Mrs. Mary Bell,
Tuesday night last week. Many nice
and useful presents were received.
Ice cream and cake were served to
the guests present.

Mr. and Mrs. Robert Beaver, Mrs.
Gertrude Rowe, Mrs. Charles Van
Rhoden and daughter, Miss Myrtle,
Miss Goldie Mason and Harry Mason
called on Mr. Will Edman and fam-
ily Wednesday evening.

The Ohio Fuel Supply company is
expecting to drill for oil on the Jas.
Beaver farm soon.

Mrs. Lester Meyers and son Gor-
don, spent a few days last week with
her parents, Mr. and Mrs. D. Hatch,
of near Appleton.

Rev. A. L. Luscombe called on Mr.
and Mrs. A. L. Totten and family
Sunday evening.

Mr. Sanders Mason and son Harry
were in Newark Thursday afternoon.
Mr. and Mrs. Oscar Vance and
grandson Wayne Berger of near
Fairview and Miss Mary Vance spent
Sunday with Mrs. Conway and
daughter.

Mrs. Verge Meyers entertained the
Embroidery club Friday afternoon.
Mr. and Mrs. Edward Cook and
son Lee were in Newark Saturday.

Thousands of Cups of Coffee

will be drunk tomorrow morn-
ing. Some of it will start the
day off with vim and a smile,
and some of it won't.

What kind will yours be?
just for the sake of a change,
and a good one at that, ask
your wife or your mother to
try Golden Sun Coffee. Many
people, well known to you, are
using Golden Sun. There's a
big reason. It's better and
costs no more. Try it!

It Is Best To Choose New Gloves Now

Women with gloves to buy will find it greatly to their advantage to select them without delay. Market conditions are so shaping themselves that there is every likelihood of not only a sharp advance in price, but on account of the dye scarcity, we will not be able to get some of the popular shades. As a result of placing our orders early, we are pleased to announce a full line of both kid and silk gloves. We suggest:

Kid Gloves \$1.25.

A fine quality two clasp lamb-skin, colors black, white, tan, grey, green, black with white stitching, white black stitching. A splendid glove \$1.25 Pair

For Perfection of Fit Wear "Perrin" Gloves, \$1.50 Pair.

The famous French gloves that stand for quality. Real kid and firm enough to hold a permanent shape, yet very elastic. Colors black, white, grey, tan, black with white stitching and white with black stitching. \$1.50 Pair

The Kayser Silk Gloves.

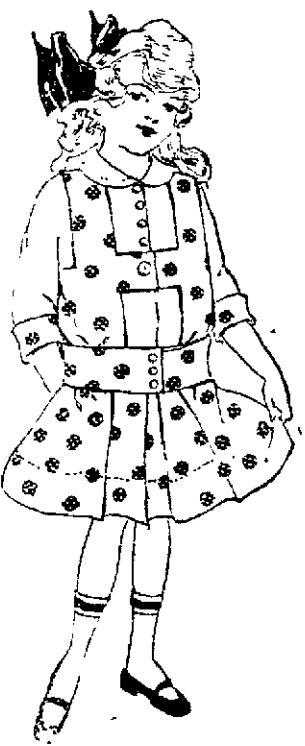

Wear better, fit better and hold their shape better than any other silk glove made, yet they cost no more than the ordinary kind. They are shown in a variety of styles, the short two clasp glove and 16 button length.

Two-Clasp Gloves 50c, 75c, \$1 Pair.

All with silk covered clasps, colors such as black, white, tan, blue, brown and grey.

16 Button Gloves, \$1.00, \$1.50 and \$2.00 Pair.

Some with plain cuff, tucked cuff, embroidered cuff or shirred cuff, while others have the Queen Elizabeth cuff, which has a narrow frill around the top and down the opening. Prices \$1.00, \$1.50, \$2.00 pr

Dress the Little Girl in a Pretty Dress and Hat. The Spring Styles Are On Display.

DRESSES in attractive new styles in white lawns, batistes, etc., finished with dainty trimmings of lace and fluffy bows in delicate shades of pink and blue. In the colored dresses are percales and gingham, in plain colors, stripes and checks, a big assortment of clever styles are on display.

Spring Hats for Children.

Are beautiful. You never saw such dainty creations for the little girl. Odd shapes in fine white straws with nobby trimmings. Tam shapes in white straw with silk inserts in the center of the crown. Tam shapes in pique and blue.

The Spring Hats for Children.

Fancy milans and chip straws in colors, such as blue, black, navy, gray, tan, green and brown, with trimmings of velvet ribbons, fancy ornaments, etc. in this showing are hats for the little ones and other styles that will be attractive and nobby for the young Miss up to sixteen years of age.

Cornell Clothiers Give "STRAIGHT TIP" ON STYLE

Points of Interest For Men During Spring and Summer Season.

Men who are down town should not miss the opportunity to glance at "Cornell" windows devoted to their own apparel.

A cause of men's less intense and absorbing interest in style questions is that men's styles are not subject to such radical changes as women's apparel. He can pay less attention to style and yet be acceptably clothed. Yet he will turn for a second glance at a snappy suit or new hat just as quickly as a lady will.

An investigation of the new at THE CORNELL—catering to men—shows that fashion decrees the slender figure—a tendency toward closer fitting garments—the coats with closely cropped shoulders, and slim waist, following very closely the natural lines of the body. One, two and three-button suits will again be worn, with long or short lapels, but somewhat narrower than last season. The vests, athletic style, with and without lapels, and made to button somewhat lower. The trousers, especially for the young fellow, are the straight and narrow.

STRIPES THE THING.

Perhaps never before have stripes been used so much as they will be this season. They are undeniably in vogue, wide stripes, narrow, double and chalk stripes; stripes, stripes, and again stripes. There are scores of them here, and will no doubt appeal to the fastidious dresser.

Colors run strongly to blue, brown, green and gray mixtures, the latter is exceedingly handsome. Serge also take a prominent part in the new spring showing. Serge is a good fabric, wears well and holds a crease. Also we guarantee them as to color, as they are dyed with the genuine indigo blue dye. The new style features will be found in all our garments at \$10 and \$15.

No man is compelled to wear the extreme specimens of the new styles, yet something on the order stated above is the straight tip. The choice offered is wide enough to suit every man of the thousands.

You probably pass Cornell store frequently. The next time you are near, make it a point to look at the spring display.

CORNELL

29 SOUTH PARK PLACE.

"FEEL BETTER THAN FOR YEARS"

MRS. LUCINDA WILLEY IS ENTHUSIASTIC IN HER PRAISE OF TANLAC.

Thought Her Case Hopeless Until Persuaded to Try the Master Medicine, Tanlac.

"For two years I have had stomach trouble," said Mrs. Lucinda Willey, who resides at 90 Allston avenue, "and I have tried prescriptions and preparations until I became despondent. I could not eat and what little I did caused me to have severe pains—and was not able to sleep, so my son advised me to try Tanlac—and I was so pleased with what it did for me that I am now on my second bottle. I feel better than I have for many years, and I cheerfully recommend Tanlac to those suffering as I did."

Tanlac is winning multitudes of enthusiastic friends in Newark and they are strong in their praise of the Master Medicine.

Tanlac is excellent for the treatment of catarrhal conditions and for the liver, stomach and kidneys it has no equal—and for loss of appetite, sleeplessness and nervous debility it has no peer.

Tanlac is being demonstrated at Hall's Drug Store and is for sale at Utica by C. H. Richardson, at Hebron by the Hebron Drug Co., at Pataskala by J. R. Strine, at Granville by W. P. Ullman, and at Jonnstown by C. S. Howard.

AVOIDS BICYCLE RIDER, HITS POLE CAR IS DAMAGED

An automobile, No. 12079, said by the police department to belong to J. E. Wolse of Johnstown, was damaged on Thursday afternoon when the car missed the turn at the corner of Locust and North Fourth street, and plunged upon the sidewalk, striking a tree and telegraph pole.

Mr. Wolse told the police department that as he endeavored to make the turn he nearly collided with a man who was riding a bicycle. In order to avoid striking him, he ran upon the sidewalk, the machine wedging between the tree and telegraph pole. The driver and other passengers escaped uninjured, but the machine was badly damaged. The front axle was bent, the wind shield and fenders broken and the steering gear was damaged. The machine was taken to the Hess garage for repairs.

SWEDEN WILL REMOVE GERMAN FIELD OF MINES

Stockholm, via London, March 10, 8:10 a. m.—The Swedish government has decided to remove the German mine field off Faisterbo, which caused the loss of the steamer Martha. The press supports the government in this decision and several newspapers declare that the German object in the laying of these mines is to prevent traffic between the Baltic and the North Sea.

MOB FLOGGS MAN WHO BEAT WIFE; HE WAS ARRESTED

Decatur, Ill., March 10.—A party of masked men dragged Dr. C. W. Kemery from his home in Allenville yesterday and, tying him to a pole, horsewhipped him.

The attack followed the alleged beating which Dr. Kemery gave his sick wife. She is suffering from pneumonia and is in a critical condition. Kemery was arrested and charged with attempted murder.

WEAK, NERVOUS 3-YEAR-OLD BOY GREAT GAINER

Nerv-Worth Blessed Mrs. Emma Blake's Suffering Little Son.

Mrs. Blake lives out on Route 8, Zanesville. Her Nerv-Worth story, which follows, is an important message to the parents of children afflicted with this of a nervous origin: "Our little boy, who is three years old, was bothered with nervousness. He did not rest at all, day or night. He would jump and jerk and was very weak. He has had these nervous spells ever since he was born. And when we would hold his hands he would quiver all over. "We gave him one bottle of Nerv-Worth and it helped him right from the start. His nerves quieted down. And when we put him to bed now he sleeps good until morning. We recommend Nerv-Worth as a splendid nerve medicine as it did him a world of good."

MRS. EMMA BLAKE,
R. F. D. 8, Box 16, Zanesville.
T. J. Evans, the Warden Block Druggist, sells Nerv-Worth in Newark.

MEAT INJURIOUS TO THE KIDNEYS

Take a table-spoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

The Prince of Wales has been raised with the idea that should it ever be necessary he would be qualified to make his own living.

More than 500 women are serving in the Russian army.
